WORLD CONSTITUTION OF THE LEAGUE OF NATIONS ADOPTED

Covenant Will be Incorporated in
Peace Treaty and May Become
Fact When Pact is Signed

MUST BE RATIFIED, HOWEVER

President Wilson Makes a Brief
Speech, Explaining Changes Made
in The Revised Covenant

THE JAPANESE SERVE NOTICE

Will Continue to Seek Recognition
of Racial Equality Through
The League of Nations

(By United Press.)
Paris, April 28. (5:30 p. m.)—
The world constitution of the league
of nations was adopted by the
peace conference in plenary session
this afternoon.

The covenant will be incorporated
in the peace treaty and may become
a fact as soon as that pact is signed
by the delegates and ratified by
respective parliaments.

Sir Eric Drummond of Great
Britain will be the first secretary-
general of the league. The executive
council will be composed of the
representatives of the United States,
Great Britain, France, Italy, Japan,
Belgium, Greece, Spain and Brazil.
Appointment of Drummond and
nomination of the four smaller nations
to be represented in the council,
was moved by President Wilson.

The president made a brief speech
explaining changes in the revised
covenant. He referred to the Mon-
roe Doctrine amendment merely as
a new article.

The French sought to obtain
provisions for a special commission
to gather information concerning
national armament and permanent or-
ganization, making the amendment
operative in case of emergency. No
action was taken on the French
amendment for greater military
guarantee.

Baron Makino, speaking for Ja-
pan, gave formal notice that his
country will continue to seek recog-
nition through the league of nations,
which did not again bring up the
amendment on the racial equality,
which was defeated by the league.

The report of the commission on
international labor legislation was
adopted.

The report of the responsibility
commission was not presented. The
session adjourned at 5:35 p. m.

The revised covenant is entirely
changed in language but contains
the same principles as the original
constitution. Aside from changes in
phraseology, the outstanding amend-
ments bearing on principle are:

The executive council by a unan-
imous vote, may increase its own
membership, thus opening the way
for admission of Germany or Rus-
sia to that body when it is deemed
advisable.

A member nation may withdraw
from the league by giving two years
notice.

Individual sovereignty is guarded
throughout the covenant.

WOULD TURN BACK CABLES

Washington, April 28.—Postmas-
ter General Barleson today recom-
mended to President Wilson that all
government controlled cable lines be
turned back to their owners. He de-
clared that the cable lines should be
returned before May 10.

NOSE IS BROKEN

Stanley Stewart of New Salem
suffered a broken nose Saturday
while enroute to Rushville in an au-
tomobile. The machine hit a pile of
gravel at the side of the road,
throwing Stewart against one of the
bows of the automobile top.

Ex-Kaiser To Answer For His Crimes

If Peace Conference Adopts Provis-
ions Placed Before it Today, Wil-
helm and Agents Will be Put on
Trial Before International Tri-
bunal of Five.

GERMANY REQUIRED TO HELP

(By United Press.)
Washington, April 28.—Former
Kaiser Wilhelm and his agents must
answer to the allies for every out-
rage and violation of international
law during the war, if the peace
conference adopts provisions placed
before it at Paris today.

Furthermore, all secrets of the
German war office must be bared to
permit the allies to discover those
responsible.

The provisions to try the ex-ka-
iser have been pushed by the French
delegates throughout the confer-
ence.

Provisions requiring fair trial
have been inserted to overcome this
opposition and to insure justice,
even if stern, for those responsible
for the war.

The ex-kaiser will be tried by an
international high court composed
by five judges. The United States,
Great Britain, France, Italy and
Japan would each select a judge.

Germany will not be required to
assist the allies in running down
guilty ones and this provision will
force the German peace delegates to
admit the responsibility of the for-
mer regime for the war and would
put Germany on record for all time.

Not only those who committed
outrages in Belgium and France,
but the thousands of spy workers in
all countries, including the United
States, could be apprehended by re-
velations which Germany would
promise under the pending article.

All other persons accused of vi-
olating the international law must be
turned over for trial under the pro-
posed plans.

In every case the accused would
be entitled to choose their own
counsel and the tribunal will be
guided by the strict terms of inter-
national law and international mor-
ality, in fixing punishment.

ITALIAN PARLIAMENT IS SUMMONED TO MEET

Country's Future Course Will De-
pend on Action of Body After
Orlando Presents Program

RESOLVE TO CALL FOR FIUME

(By United Press.)
Rome, April 28.—The Italian par-
liament has been summoned to meet
at two o'clock Tuesday afternoon.

Italy's future course will depend
on the action taken by that body
after Premier Orlando's presentation
of the program following his return
from the peace conference. A reso-
lution providing for a vote of confi-
dence in the ministry is understood
to have been prepared.

A section of the resolution to be
presented for adoption provides for
annexation of Fiume and territory
awarded Italy in the pact of Lon-
don, without setting forth allied
sanction.

DEPARTURE MYSTERY

Washington, April 28.—Details of
Ambassador Page's departure from
Rome for Paris was a mystery here
today, officials of the state depart-
ment announced.

BOY LOSES SIGHT OF AN EYE

Arbie Park, Age 12, Explodes Cart-
ridge on Rock Along River

Arbie Park, age 12 years, son of
Mrs. Marshall Kirk of West First
street, lost the sight of his right eye
Saturday evening as the result of an
accident along the river southwest
of Rushville. The eyeball was re-
moved yesterday morning at 10:30
o'clock at Long's hospital in Indi-
anapolis, where he was taken Satur-
day night. The Park boy was with
a boy named Osborne, who had some
cartridges, one of which young
Park laid on a rock and hit with a
hammer. The sight of his right eye
was completely destroyed by the
explosion.

ACCUSED OF THREAT TO KILL FORMER WIFE

Harry Headlee, Who Was Arrested
in Shelbyville, Gives Bond To-
day For Appearance Saturday

HAD AN AVERSION FOR JAIL

Harry Headlee of Shelbyville, who
was arraigned before Squire Stech
on surety of peace proceedings this
morning, pleaded not guilty and
gave bond of \$100 for his appear-
ance for trial Saturday morning at
9 o'clock. Mrs. Lucy Headlee of
near Homer, his former wife, who
divorced him, filed an affidavit
against Headlee and he was arrest-
ed at Shelbyville Saturday by the
sheriff of Shelby county. She al-
leges that Headlee threatened to kill
her. Headlee was in the Rush county
jail once for three days, having been
sentenced for contempt of court
because of his failure to pay his
former wife support money as the
divorce decree provided.

Low Cline, constable in Squire
Stech's court, brought Headlee here
Sunday, but he could not give a
cash bond, a surety bond not being
legal on that day, and was returned
to Shelbyville by the constable be-
cause Headlee had an aversion for
spending the night in jail. Cline
brought him back here this morning
and the trial was set for Saturday.

SPLIT DEVELOPS IN GERMANY OVER PEACE

Powerful Industrial and Commercial
Interests Would Accept Terms
of Allies at Any Cost

RADICALS DISAGREE TO THIS

(By United Press.)
Berlin, April 28.—On the eve of
the departure of main body of Ger-
man delegates the government today
showed alarm at the growing ten-
dency of powerful industrial and
commercial interests to demands of
immediate peace even if the terms
are harder than anticipated.

The difference in opinion is un-
derstood to have caused a split in
the cabinet, one in favor of signing
the treaty and the other opposed to it.

The radicals believe the allies
will back down when confronted by
the Bolsheviks, and also are en-
couraged by Italy's withdrawal from
the conference.

The industrialists consider Bolshe-
vism worse than indebtedness and
do not want business further ruined
by continuation of economic
blockade.

DAKOTAN AT BOSTON

Boston, Apr. 28.—The transport
Dakotan, bringing 1,500 officers and
men of the 14th light railway engi-
neers, arrived from Bordeaux yester-
day. The regiment was recruited
from men on New England railroads.

LOAN TOTAL IS \$50,000 HIGHER

Although Gain is Made Over Week-
End, Victory Campaign is Not
Making Encouraging Progress

ORANGE TOWNSHIP OVER TOP

Reports Additional Sales Amounting
to \$14,150 Today, Bringing Total
Subscriptions to \$34,450

Although Victory loan subscrip-
tions reported today showed an in-
crease of \$50,000 over the week-end
the campaign is not in the least en-
couraging, according to county loan
officials today.

The sale of Victory notes totaled
approximately \$500,000 today,
which means that there is a long
road ahead because subscriptions
amounting to \$325,000 will yet have
to be made before Rush county can
report a one hundred percent sub-
scription.

Reports received by T. M. Green,
director of sales in the county, dis-
closed that Orange township is the
first in the county to reach its quota
with subscriptions amounting to
\$24,450. Orange was the first town-
ship in the county to go to work in
earnest and likewise it was the first
to make a report.

Additional sales amounting to
\$14,150 were reported this morning
to Mr. Green, which sent the town-
ship over the mark. Anderson town-
ship also reported additional sub-
scriptions amounting to \$2,600,
which brought the total for the
township up to \$17,700. These two
reports make the total reported to
Mr. Green \$68,300. These sales
have been made by canvassers in
four townships—Orange, Anderson,
Walker and Ripley. No other town-
ships have been heard from.

It was pointed out today that the
reason for Rush county lagging be-
hind many other counties was the
fact that the campaign was being
conducted here exactly in accord-
ance with the government program.
The government has insisted from
the very outset that the bank should
not take the Victory bonds, but that
they must be sold to the people. It
is very plain that many counties
which were reported over the top
the first day of the drive did not sell
their whole quota, but that it was
absorbed by the banks.

The government is seeking to
avoid this condition because it will
call on the banks to take future
loans.

VICTORY BOND SALES NEAR BILLION MARK

To Complete Minimum Quota by
May 19, Daily Average Subscrip-
tions Must be \$316,000,000

NEAR 50 MILLION IN STATE

(By United Press.)
Indianapolis, Ind., April 28.—
North and central Indiana—those
68 counties in the seventh federal
reserve district—had subscribed
\$35,243,050 at noon today and the
total is expected to hit \$50,000,000
tonight.

Washington, April 28.—Victory
bond sales approached the one bil-
lion mark today, according to an
official report at the treasury.

Reports of sales officials acere-
dited were slow in the nation's fed-
eral reserve districts.

To complete the minimum quota
of \$4,500,000,000 by May 10, cam-
paign leaders must bring in sub-
scriptions averaging \$316,000,000
daily, according to treasury figures.

FOR DEFRAUDING CREDITOR

Michigan Man Who is Defendant in
Civil Suit, is Indicted

William Sanford of Michigan, who
is one of the defendants in the suit
filed by William Dagler of this city
to recover two Indiana farms, in
which a conspiracy to defraud is
alleged, appeared in circuit court
Saturday afternoon and gave bond
for \$1,000 for his appearance to
answer to a charge of defrauding
creditors. He was indicted by the
grand jury during the February term
of court. It is understood the in-
dictment is based on the land deals
involved in the civil suit filed by Mr.
Dagler.

TWO CARS IN HEAD-ON COLLISION NEAR HERE

Machines Driven by George Offutt
and Noble Bassett Are Badly
Damaged Sunday Night

OCCUPANTS ESCAPE INJURY

George Offutt, who attends high
school here, the son of Mr. and Mrs.
Offutt of near Arlington and
Noble Bassett of Morristown figured
in an automobile accident near the
Bruce Johnson farm about four
miles west of here last night about
7:30. The accident was in the form
of a head-on collision. Young Offutt
was driving a new enclosed car and
Bassett was driving a touring car.

The nature of the accident indi-
cates that it was the result of care-
less driving on the part of both par-
ties, from the reports received. The
Offutt car was badly damaged, hav-
ing all four wheels broken down.
Persons who saw the wreck said
that Offutt's machine had turned
completely over. Bassett's car is
reported to have come out of the ac-
cident in better condition. The
strangest thing about the accident
is that no one was seriously injured
as there were two other boys with
Offutt, Ridland Overleese and George
Root, both of Arlington. None of
the parties received anything more
than bruises and slight scratches.

TWO CONTRACTS FOR STONE ROADS AWARDED

Charles E. Reddington of Greens-
burg Will Build Fred McManus
and Chester Cross Highways

NO BIDS RECEIVED ON ONE

The county commissioners late
Saturday awarded two road con-
tracts and advertised three others
for letting June 2, one of which
through inadvertence was not ad-
vertised for Saturday, the Ruby
road in Ripley township. The La-
fayette Peck road in Orange town-
ship and the Gabe Hildreth road in
Richland township were the other
two set for June 2. No bids were
received on the Hildreth road.

Charles E. Reddington of Greens-
burg got the two contracts, his bids
being the only ones submitted. The
construction of the Fred McManus
highway on the Jackson-Center
township line will cost \$17,215 and
the Chester Cross road in Jackson
township, \$11,000. The McManus
road will be 7,392 feet long and will
be built of crushed stone. The Cross
road will be of the same construc-
tion and will be 4,572 feet.

The preliminaries for the J. W.
Anderson and Samuel B. Kirkpatrick
roads, petitioned for under the
county unit law, were O. K'd by the
commissioners, who as viewers will
report on or before May 15.

CONSPIRACY TO DEFRAUD, CHARGE

Second Paragraph to Complaint of
William Dagler Demands Dam-
ages in Sum of \$51,275

LAND DEALS ARE INVOLVED

Local Man Declares William Eiken-
berry and Confederates Cheated
Him Out of Two Farms

An alleged conspiracy, that reads
like fiction, to defraud William Dag-
ler out of a farm in this county val-
ued at \$8,000 to \$10,000, and one in
Morgan county valued at \$9,900 is
set forth in the second paragraph to
the complaint against William Eiken-
berry of Russiaville, Howard
county, Indiana, and his alleged
confederates, which has been filed
in the Rush circuit court, and in
which \$51,275 damages are demand-
ed.

Besides Eikenberry, who is de-
clared to be the head of the alleged
conspiracy and who is reputed to be
a man of wealth, the other defend-
ants are: Alva N. Harold, living
west of Rushville on a farm former-
ly owned by A. P. Walker, who Dag-
ler says posed as his friend; Oliver
J. Frazee of Marion, Ind.; Pharaoh
N. Hill of Mooresville, Ind.; Arthur
P. Forum of Paris, Illinois; Charles
W. Bange of Indianapolis; William
Boyd of Indianapolis; William San-
ford and his son, Stanley Sanford,
and the latter's wife, Lottie A. San-
ford, all of Michigan.

Argument on the motion of Wil-
liam Sanford to strike out parts of
the interrogatories was heard by
Judge Sparks in circuit court Sat-
urday, but no ruling was made. On
April 19 Sanford filed a motion to
set aside the order of the court re-
quiring him to answer interrogato-
ries submitted by the plaintiff. This
motion was sustained and the mo-
tion to strike out parts of them fol-
lowed. If Sanford is required to
answer the interrogatories, the an-
swers may be used in the trial of the
case as evidence, it is said.

The use of drugged whiskey and
other means of influencing Mr. Dag-
ler are charged in this second para-
graph. It is declared that in taking
the plaintiff to see land which the
defendants traded to the plaintiff,
they did not allow him to converse
with other people, but hauled him in
their automobiles when he was al-
ways surrounded by Eikenberry's
alleged agents, two of whom, Harold
and Frazee, are described as both
being "oily tongued, persuasive
traders, trained and expert in the
wily arts of experienced traders."

Several land deals are involved in
the transaction whereby it is alleged
Dagler was cheated out of his two
Indiana farms. The second para-
graph sets out that Eikenberry,
through some of his agents, first
traded the plaintiff 293 acres of
land in Bidefield township, Huron
county, Ohio for his Morgan and
Rush county farms. It is charged
Eikenberry's agents represented the
Ohio land to be worth the fair cash
market value of \$225 an acre,
whereas the plaintiff says he has
since learned from persons living in
Huron county, Ohio, that the land is
worth only \$50 an acre.

Instead of the Ohio farm being
fertile, productive land as repre-
sented to him, it is "unproductive
and worthless for raising general
crops by reason of the fact that it
does not contain a proper sub-soil
and consists of a thin layer of soil
over a strata of rock, which lies
near the surface of the soil on all
of the said Ohio land," all of which
allegations are set forth in the
second paragraph to the complaint.

Dagler says that after he obtained
the deed for the Ohio farm and dis-
covered that it was worth far less
than the incumbrance of \$35,000 ex-
isting and placed on there at the

FOODS OF ALL KINDS ARE HIGH

Many things are advancing daily and few declining. With the entire world calling for more food there is no chance of the cost of living being greatly reduced in the near future. Use your judgement and practice economy. Our store is a haven for those who appreciate real economy.

HAS NO RIGHT TO USE FUNDS OR INTEREST

County Clerks Can't Borrow Them, According to Opinion of Ele Stansbury, Attorney General

THEY MIGHT KEEP THE MONEY

County clerks who hold in custody certain funds not regarded as public funds, have no legal right to borrow or use temporarily the funds or the interest thereon, according to an opinion which Ele Stansbury, attorney-general, prepared for Gilbert H. Hendren, chief examiner for the state board of accounts.

The attorney-general found no law specifying how the funds shall be kept other than that they shall be recorded on a book open to public inspection. He ruled that the clerk might keep the money either in a vault or on deposit, but that if the money is put in a depository which pays interest, the interest shall go to the person who receives the money in legal right.

The funds in question are those created by receiving payments on judgments, alimony, dues and demands of record and all such money as the courts order turned over to the clerks in trust for another.

The experience of the state board of accounts has been that occasionally clerks "borrow" from such funds when the funds accumulate, owing to the fact that they alone have record of the funds and often deposit the funds in their individual names instead of in their names as clerk of the court.

GREEN SPROUTING.

Division of Horticulture.

Green sprouting will keep that sprouting late potato seed in good condition until planting time. It is especially important practice this year since the war winter and spring have started the tubers into growth early.

To avoid long sprouts and withering of tubers, place them now in a well lighted room, bin or crib, where the temperature is above freezing. If the tubers already have long sprouts upon them, remove these first before putting out to green sprout. Sunlight is unnecessary and success is assured if the potatoes receive plenty of light each day.

In a week or so after being placed in the light the young green sprouts will start to grow. After becoming about a quarter of an inch long, growth will cease. These short stubby green sprouts will remain

dormant until planting time. Such tubers will retain their vigor; mature a crop earlier; be more resistant to disease attack and insure a more uniform stand.

HOG PRICES ARE UNCHANGED TODAY

Hog prices were unchanged today with receipts 2,000 greater in Indianapolis. All grain prices were the same but cattle quotations were lower.

WILL REPORT ON FEEDING

Three Farmers Will Give Figures at Mays Farmers Club Meeting

The Mays Farmers' Club will hold its regular monthly meeting in the Center schoolhouse at 8:00 p. m. Tuesday.

Three farmers who have been conducting feeding demonstrations in co-operation with the county agent will report their results at the meeting. Merrill Reddick, Center township pig club winner, who has just returned from the club boys round-up at Purdue, will tell some

When You Need a Truck

What one are you going to buy? Are you going to buy the one that conservative business men buy or are you going to buy the one that some purchasing AGENT of the government bought without considering whether it was right or wrong. UNCLE SAM paid the freight on all government trucks. But when a highly successful corporation, that was spending their own money that they had made themselves, knew that the government would need GASOLINE delivered to their various camps all over the country and that failure to deliver this gasoline at the right time meant the possible loss of some of our brave boys—WHAT DID THEY BUY TO DELIVER THE GOODS?—

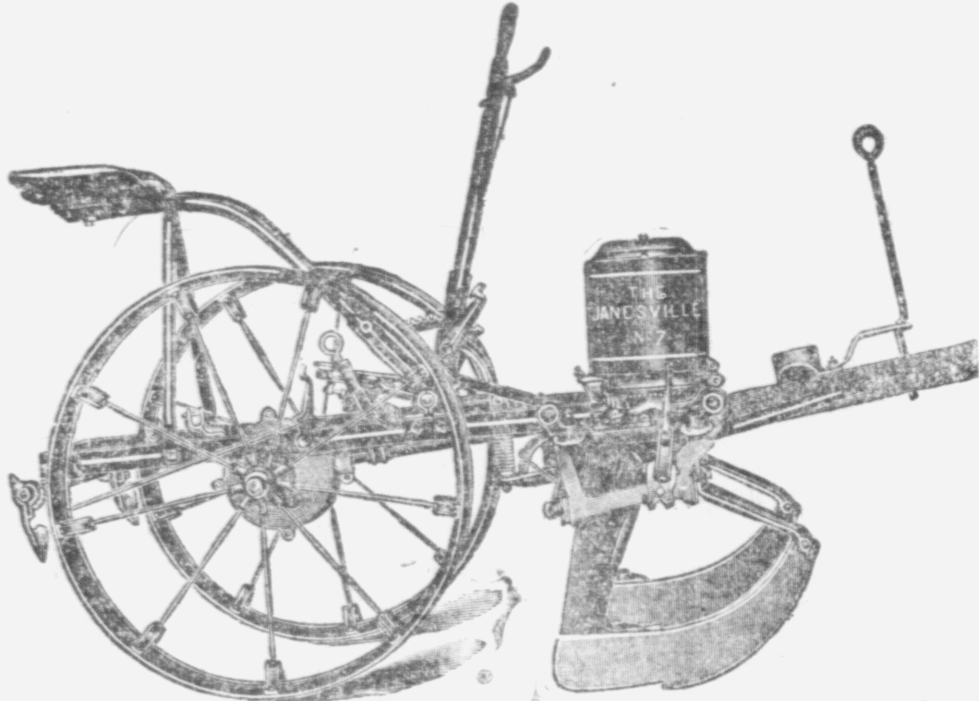

“INTERNATIONAL TRUCKS”

—because they knew that they had never failed to do what they were built to do. There is a difference between SPENDING your own money and money furnished by the government and wide awake business men buy what they KNOW is right. That is what the STANDARD OIL COMPANY did when they bought INTERNATIONAL TRUCKS. They KNEW what was the best and bought them. I want to demonstrate an INTERNATIONAL to every MAN that wants a truck. For they are the ones that one can absolutely depend on—without saying anything about International Service or that repairs and expert service are always obtainable at Richmond in THREE HOURS time. It makes no difference what truck you buy, you will need repairs and expert service sooner or later. That is what we are going to give you when you want it without any delay. WATCH the Standard Oil Company TRUCKS. You can see them on the streets every day. When you buy, BUY one that you can use every day, and not in the repair shop all the time. I will gladly demonstrate the INTERNATIONAL to you at any time.

WILL M. SPIVEY

FARMERS SUPPLY COMPANY

Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

MADE BY SCIENCE TO WEAR WELL

"It looks as if the shoes with Neolin Soles I am using would last another six months. I have worn them two years," says Clarence J. Bloeker, of St. Louis, Missouri.

This is extraordinary wear even for Neolin Soles. But because they are made by Science to be especially tough and durable, all Neolin Soles wear a long time. And shoes soled with them are a real economy.

Buy Neolin-soled shoes for yourself and for the whole family. You can get them in many styles—at prices that are no higher than on shoes that give only ordinary wear. Have your old shoes re-bottomed with Neolin Soles, too.

These soles are noted for their comfort and waterproofness, also. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who make Wingfoot Heels—guaranteed to outwear all other heels.

—A. G. Lease of Indianapolis who has been spending several days in this city on business, spent the week-end as the guest of his parents.

—Paul Stewart and Harry Ray motored to New Salem last night from Milroy and heard the baccalaureate sermon to the graduating class.

—Mr. and Mrs. O. H. Harton, Mr. and Mrs. Dora Hilligoss and Mr. and Mrs. O. P. Wamsley motored to Newcastle yesterday and visited friends.

—Forrest Kidd arrived home last night, having been discharged from the military service at Camp Taylor, Ky., after several months overseas service.

—Miss Anna Holten left here Friday for a visit with home folks in the southern part of the state, after being in charge of the Webb school last term.

—Miss Theresa Sweetman has returned from Shelbyville where she has been acting as a nurse for influenza and pneumonia patients for the past four weeks.

—Mr. and Mrs. Gurney Culley and Mrs. Belle Kidd and son Forrest motored from Connersville Sunday and visited Mr. and Mrs. Wesley D. Lockhart. Forrest Kidd was recently discharged and saw service in France.

THE UNIVERSAL CAR

The Ford Model T One Ton Truck is really the necessity of farmer, manufacturer, contractor and merchant. It has all the strong features of the Ford car made bigger and stronger. It has the powerful worm drive, extra large emergency brakes acting on both rear wheels and controlled by hand lever, 124-inch wheelbase, yet turns in a 46 foot circle, and has been most thoroughly tested. We know it is absolutely dependable. We advise giving your order without delay that you may be supplied as soon as possible. The demand is large and first to order first to receive delivery. Leave your order today. Truck Chassis \$550 f.o.b. Detroit.

WILL SUCCEED MAUD HUNT

Mrs. Linnie Land Will Act as Visiting Nurse Here

The Woman's council of this city has procured the services of Mrs. Linnie Land of this city as the visiting nurse in the place of Miss Maude Hunt who resigned her position a few days ago. Mrs. Land began her duties this morning and anyone wanting her assistance may call her at Phone No. 2238, two rings, or report the case to Mrs. T. M. Green and help will be given at once.

Days Pickings

A marriage license has been issued here to Miss Edith Downey, daughter of Mr. and Mrs. Lora Downey and Alva E. Jones, both of this city.

The dedicatory services for the Christian church at Orange will be held the second Sunday in May, the 11th. C. W. Cumble of Indianapolis will deliver the address.

The Arlington high school play was well attended at the second rehearsal Saturday night. The play was an up to date version of "The Merchant of Venice."

A baby boy weighing nine pounds was born to the wife of Louis C. Hiner, formerly of this city, at their home in Astoria, Oregon, April 19, according to word received here. The baby was named Louis Chase, Jr.

The New Salem high school play, "A Misplaced Decimal," was given before a packed house Saturday night, after all could not be accommodated on Friday night. It was stated this morning that more than \$93 was cleared on the two nights.

\$10 AND COSTS AND 10 DAYS

Charles Day was fined \$10 and costs and sent to jail for ten days in mayor's court this morning, being charged with public intoxication. This is the second time Day has been fined in the last three months. When asked where he got his whiskey, he told a confusing story.

Our Returning Soldiers

Throughout the country our soldiers are making their way to their home towns. And complaints are made that in many places they are received with little enthusiasm.

We do not believe that the lack of enthusiasm comes from any lack of feeling. Americans are not given to expressing their emotions. The American youth is trained to repression and self-control, and the result of this training remains with the adult.

But when the soldiers come home is the time, if ever, to give expression to our feelings. These young men have risked everything in the service of their country. They have endured discomfort and suffering and peril for our protection. They come with the stripes of honorable discharge upon their sleeves.

Let us greet them with the heartiest of welcomes. The small town cannot give its returning heroes triumphal arches and wonderful music and great parades. The more need that we should show them the depth of our feeling, our enduring pride in them, and our joy in their return.

return. Let the time of their homecoming be a time that they will always remember with satisfaction and happiness.

Forget The Kaiser

The Belgians have adopted a dignified attitude in declining to prosecute the Kaiser. The reasons they give are technical, but there are others—perhaps less abstract, which all the allies would do well to ponder.

The whole case of those belligerents now claiming indemnities from Germany depends upon the plea that the whole German people are to blame for the orgy of devastation which has cursed the last four years.

If the Kaiser and his immediate entourage caused it by exercising the privilege of autocracy, and the mass of the people merely obeyed orders, then the German populace can plead a good excuse.

But if the Kaiser simply acted as the spokesman of the German nation in deference to the demands of a people enthusiastically in favor of war, then it is justifiable to "soak 'em the limit."

As a matter of cold fact, the latter seems to have been very like the truth. The attitude of the German people, as reflected in the press, whether socialist or imperialist, has been almost comically bellicose since 1914. The Kaiser no doubt approved and, was probably about as bad as the bunch, but not much worse. He couldn't have been very much worse.

Nearly every male German between certain ages was, if physically sound, in the German army. The acts of the German army may therefore be regarded as the acts of the German people. The two were coincident. And the conduct of the German army in occupied territory was beyond criticism.

Soak 'em the limit, and forget the Kaiser. It matters little, sink or swim, what happens to a stage-struck megalomaniac, now rendered completely harmless.

The ex-kaiser is now telling the world that he never wanted war and did his utmost to prevent it. But an incredulous world is very like the state of Missouri—it will have to be shown.

The Yanks' hob-nailed shoes are

Sap and Salt

By BERT MOSES.

Think kindly of competitors—they sting you into action.

Next to lawlessness, the worst thing that can happen to a country is too much law.

Crawling through a barb-wire fence isn't so very hard if you take your time about it.

Women are largely what men made them. Twist this around, and it will be just as true.

Many people are like electric buttons—they have to be pushed before they do anything.

Hez Heck says: "The woman who talks baby talk to a dog is never much of a hand at making good biscuits."

The man who is too proud to run a lawn mower considers it almost aristocratic to change a flat tire on a muddy road.

said to have left their marks upon most of the pavements and walks in France. Would you call this making an excellent impression.

War expenditures are beginning to show decrease. But there is no unmixed joy in the world, for the price of coffee is going up.

If you have not a nice big "V" placed in your window you are behind the times. But it is not at all too late to get one.

If we are to take a protectorate in Mexico our first step would be to protect ourselves.

RECOVERS FROM WOUNDS

Leonard Hoehn is visiting his brother near this city for a few days, having been discharged from the military service at Camp Taylor, Ky., after several months overseas service. Hoehn was wounded by shrapnel during one of the engagements but says that he is completely recovered from the effects of the wound.

Why That Lame Back?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Rushville resident's example.

Mrs. Joseph S. Endicott, 125 S. Harrison St., says: "Sometimes I overdid at my housework or took cold and it was at just such times as that I had trouble with my back. My back would get so lame I was miserable and everything in the way of work wore me out. When stooping, sharp catches would seize me across the small of my back. Doan's Kidney Pills, which I got at Pitman & Wilson's Drug store, never failed to cure me of these attacks."

(Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Endicott had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. —(Adv.)

Amusements

Serial at the Mystic

The twelfth episode of the serial picture, "The Lure of the Circus," will be shown at the Mystic theatre tonight. In addition, an L-Ko comedy "Business Before Honesty," and Current Events, will be offered.

In "Treat 'Em Rough," a story of the western plains with Tom Mix in the stellar role, there is something very fascinating. This picture, which is said to be the best of all the cow boy stories screened, will be at the Mystic Tuesday. It is the cinema version of Charles Alden Seltzer's famous novel, "The Two Gun Man," and was made by William Fox. It is replete with action, romance, thrills and suspense.

Tom Mix as Ned Ferguson, the two gun man, has the best role of his career, and does stunts that will make you marvel at his daring. One in particular, that of bulldogging a steer to stop a stampede, is the most thrilling sight of all his sensational feats. It is here shown for the first time on the screen.

Dorothy Dalton at Princess

"Hard Boiled," starring Dorothy Dalton is the offering at the Princess theatre tonight.

Instead of the little country girl being stranded in the city and having to work out her salvation, she plays the part of a big city girl—the prima donna of a musical comedy company—stranded in a decidedly small town. The small town has lurid temptations for the metropolitan miss as the great city has for the unsophisticated lass. That it is a greater problem to make a livelihood in the country by a girl trained to the way of crowded streets than it is in the city by a girl from the farm, is convincingly portrayed.

Dorothy Dalton is seen as Corinne Melrose, the singer, stranded in Nilesburg, when the theatrical ghost fails to walk. How she wins the affection of a motherly old woman and by her wits saves her benefactress from the grasping clutches of a skindiff money loaned furnishes the action for the story.

It so happens that the money loaner is an old man who attempted to force his attentions on the singer during the last performance of the musical show and she sees this weakness as a weapon to attain her purpose. The trap she sets and its success, furnishes a great deal of clever comedy that has been brought out in a telling manner by the able directing of Victory L. Schertzing.

Tomorrow Lina Cavaliera in "The Two Brides" will be shown.

Lest we forget what happened to the Lusitania—lest we forget what happened to Belgium—lest we forget what War means to the ones we love—let's get back of the Victory Liberty Loan with an overwhelming subscription.

Buy to your limit, and do it today.

J. P. FRAZEE

CONSPIRACY TO DEFRAUD, CHARGE

Continued from Page One
time of its conveyance to him, he signed a deed for it and tendered it back and offered to reconvey it to the parties from whom he received the title. It is stated that William Sanford, who had conveyed the Ohio land to Dagler, agreed with him to reconvey the two Indiana farms, but has since refused so to do on account of the objections of his co-defendants. Further deals were then made, which are described as follows in the second paragraph to the complaint:

"Plaintiff says that after that he was persuaded by the defendants to exchange said Ohio farm to one, Arthur P. Foreum of Paris, Illinois, for 346 acres of land in Owen county, Indiana, which was rough and hilly land and worth no more than the incumbrances thereon and afterwards was persuaded to exchange said Owen county farm for 95 acres of land in Monroe county, Indiana, then owned by the defendant Pharaoh N. Hill. That said land in Monroe county is worth only the fair cash market value of \$1,000 which is all that plaintiff has received by reason of said exchanges and trades of real estate. That all the acts, representations and things done as hereinbefore mentioned were done by the defendants in pursuance of said conspiracy to cheat and defraud this plaintiff out of his said real estate and property as herein before alleged."

The plaintiff sets forth that when these deals took place, November, 1918, he was 61 years of age and on account of having suffered a cerebral hemorrhage, commonly known as a stroke of paralysis, several years previous, he was in feeble mental and bodily health.

Eikenberry is described as being at the head of the alleged conspiracy. He is said in the second paragraph to be a man of large means and property, being worth about \$250,000 or \$300,000, and as a shrewd and capable real estate trader and dealer of many years experience. His operations extended over Indiana, Ohio, Illinois and Michigan, the second paragraph says; also that he had agents, confederates and employees in each of these states, under a trading system whereby Eikenberry traded and exchanged farm lands, city properties, stocks, of goods, merchandise, bonds, notes and mortgages.

"Eikenberry was the head of said system," the second paragraph continues, "and furnished the capital and funds," with which to make said deals, but usually directed his agents, employees, and confederates to make all preliminary negotiations for said trades and usually required said employees, agents and confederates to take the title to any real estate traded for in their own name for the purpose of escaping personal liability himself."

It is charged that Harold gained the confidence of Dagler by "various small business transactions with

plaintiff purposely planned with that intention." It is stated that Harold sold Dagler notes at an unusually heavy discount and had traded him live stock and had bought personal property of the plaintiff.

It is set forth that on election night, November 5, 1918, after Dagler had been on the election board without sleep until after midnight, Harold came to his home and persuaded him to go to Muncie in Harold's machine. From there they went to Ft. Wayne on a traction car, it is said, and then, being joined by Frazee, in a powerful touring car belonging to Eikenberry and driven by a son of the defendant Bange, to inspect the Ohio county farm. The plaintiff alleges that on the trip he was not allowed to talk to anyone else and that he was entertained in royal fashion, all expenses being paid.

Upon their return to Fort Wayne, the plaintiff says he was informed it was too late to trade for the Ohio farm because Eikenberry had traded it to the defendant, William Sanford. Dagler avers that Eikenberry did transfer the farm to Sanford "for the purpose of causing plaintiff to be more anxious to trade for the same and was merely done for the purpose of avoiding personal responsibility upon the part of said Eikenberry."

It is the next step in the alleged transactions where it is charged drugged whiskey was used to influence Dagler. He says he was informed a few days later he could still trade for the Ohio farm and was taken by Harold to the office of the defendant Bange, 15 and 16 Baldwin block, Indianapolis, Ind. The second paragraph describes Bange as "an unscrupulous trader known as 'The King of Dogberry Row,' then in the employe of said William Eikenberry."

It is further set forth that "in said Bange's office plaintiff was given whiskey to drink several times by Bange, which plaintiff now believes was drugged whiskey, and which plaintiff was given with a view of overcoming his will power and

The Cash Value of Public Opinion

Like a dirty, frayed collar on a man in a \$60.00 suit, an "untidy" fence discounts a fine farm in public opinion.

And as a clean collar offsets to a great extent the frayed "hand-me-down," a Page fence adds dignity and prestige to the humblest farm home.

Your banker, your storekeeper, your neighbors, the man who may be looking around to buy a farm—their opinions are based partly—sometimes strongly—upon what they see.

And their opinions have a cash value that will be a big asset to you in your business transactions with them.

A PAGE FENCED FARM IS NOT ONLY

THE SIGN OF A GOOD FARMER

But is also reliable evidence that the good farmer HAS A GOOD FARM. The reputation of your farm is a business asset which deserves protection.

We sell Page, Elwood and American Fence.

We give 5% off for cash.

LENDING!**

FRILLS ALL THE RAGE NOWADAYS

By MARGARET ROHE

Oh the new fashioned girl
Is of oldfashioned stripe
And her type I should say
Is—Daguerreotype.

New York, April 28.—The way the women are dressing is certainly tough on the G. A. R. veterans. Why it gets the old boys all mixed up till they can't tell whether this is the end of the World war or the Civil one. The dear girls are all dressing the part as if they were welcoming their heroes home from Gettysburg instead of St. Mihiel or the Argonne.

Looking like animated illustrations from Godey's Lady's Book or moving daguerreotypes of grandma as a girl, they button their tight little basques down the front, round flat lawn or lace collars demurely fasten their throats with a knot of velvet or a cameo and peer coyly out from under a perky wee sailor or a coquettish poke.

All the old fashioned Civil War time trimmings are edging our 1919 skirts, sleeves and peplums with fringe, ruching, quilling, pinking and rows of velvet ribbon. If your clothes start to fray, pray don't throw them away. For frayed and raveled edges on your taffeta frock are the smartest touches of all. Instead of being turned up as usual, hems are turned down completely as a finish for the newest skirts. Where the old fashioned trimmings don't edge them, a narrow cording or just the salvage of the goods does the trick.

Not only Civil War time trimmings but materials as well are all the rage and there has been a reversion to surah and moire silks, quaintly patterned challis, flowered organdies and chiffons and of course, sprigged muslins, calicoes and prints.

The challis, charming in its pastel colorings, tiny rose buds, dots of nosegays, make especially attractive little frocks for Spring and summer that are particularly adapted to "when-grandma-was-a-girl" treatment.

The beaded reticule, the floating scarf, the fringe edged sash, the bell sleeve, ruching edged, over an under-sleeve of organdie, the tiny carriage parasol of lace, the flowing veil, the short white gloves with above-the-elbow sleeves, the perky little low crowned sailors tilted to the fore with a bunch of ostrich plumes in arrears, the ubiquitous dolman and, yes, even the bouquets we hand ourselves and pin at the corsage, primly tight and set affairs encircled with a lace paper frill, these all these are as Civil-warish as these uncivil and Bolshevik days can make 'em.

After the severe putte and khaki feminine fashions of the last few years, this is rally the most attractive and softly seductively period of style the pendulum of fashion could swing back to. We will now go the limit to look feminine and clinging vine-like, although even in our sprigged muslins and streamer trimmed leghorns we do not cease to demand the vote.

A vote of thanks is indeed due to the artist who brought out the lovely printed chiffons of this season. They are not splashed all over in

huged diabolical designs, like those of last Spring, but artistically reveal at set intervals lovely trailing rose garlands, tied with true lover's knots. With ivory white, silver grey and black back-grounds and made up to best feature each design these chiffons are truly exquisite.

Aside from the scarves that have been revived for year with these sweet costumes of chiffon, organdie, challis and muslin, the fringed and embroidered silk crepe shawls, of which every well regulated grandmother possessed a small collection, are just the final fitting touch to a perfect toilette.

Lucky indeed the grandchild whose grandmother numbered among her collection one of those rare cow-waddy three-cornered shawls of Chantilly lace. Sharper than a serpent's tooth it is to have had a shawlless grandmother, for we certainly shall shawl this season.

We Invite and Urge an Early Inspection.

Don't Wait till the Last

to Charles Lathrop Pack, president of the forestry association.

"Roosevelt Day will be May 2," wrote Rev. Roberts, "because the present country life movement began with the report of the Commission on Country Life appointed by Col. Roosevelt. This I believe is added reason for country churches participation in this memorial feature."

The Sharon Country Church Community Center is doing a great work and setting a fine example," said Pack today. "There is always something going on and something to look forward to at this community center. They have directors of domestic science, recreation, public information, children's play and in fact nothing that tends to better living conditions is overlooked. The tree planting there is the first of similar plantings all over the country."

Gardenitorial

The home garden is profitable, for one reason, because it saves the cost of vegetables that otherwise would be bought. It is a healthful enterprise. It provides vegetables that are fresher, more palatable and better than many to be had in the market.

The home-garden vegetables are always available, to be had not only without expense, but without inconvenience. Therefore, they are likely to be used more freely than if a trip to market or even a telephone call were necessary.

But there is still another particular in which the home garden confers a great benefit. The boy or girl who is given a part in cultivating a home garden, who is charged with some of the responsibilities and put to solve some of the problems of cultivation, acquires in the process a spirit of self-reliance, a knack of making the means at hand serve the end desired, that will be valuable throughout the rest of that boy's or girl's life in any kind of service that may be required. Thus the home garden is a training school in personal efficiency.

Beware "Orphans" In Buying a Car.

"One of the most vital factors in the purchase of a motor car is the financial standing and commercial reputation of the company building the car. This consideration is equally as important as the car itself. The man who is about to buy a motor car, first of all should ask himself the question: 'Of the companies I have in mind, how many will be in existence five or ten years from now?'"

After this question has been answered, to the satisfaction of the prospective buyer, he should then take up the merits of the several cars he has in mind. It is this kind of intelligent buying that has been one of the greatest factors in the wonderful success of the Essex. The Essex Motors is one of the strongest financial organizations in the automobile business. The men back of it are some of the most successful and best known in the industry. The stockholders are actively engaged in the building of the Essex and there is no stock subject to stock market juggling.

The standing of this organization is the guarantee of the purchaser that his investment in a car will be safeguarded in every way. We all know of persons who have been unfortunate enough to buy cars only to see the makers go out of existence in a short time. The millions behind the Essex Motors, the acknowledged excellence of its product and the confidence it enjoys in the industry are the best guarantees of its stability.

SAYS WIFE ABANDONED HIM

Samuel Larrison Files Suit For Divorce From Bertha Larrison

Samuel Larrison, a blacksmith of this county, who filed suit today from his wife, Bertha Larrison, in the circuit court, alleges that she wilfully abandoned him two years ago and that all efforts of his to persuade her to return have been of no avail. Larrison says he believes she is now in Pierson, Iowa. He complains that she would not keep house or cook his meals and that she was abusive and unduly intimate with other men. They were married Dec. 7, 1914 and separated April 1, 1917, the complaint says.

Granted!

FAVOR WATSON FOR NEXT PRESIDENT

Republican Circles Are Trying to
Make Him an Aspirant For
Presidential Nomination

GOODRICH IS INTERESTED

Democratic Politicians Speculating
on What Part Tax Law Will
Play in Campaign

Indianapolis, Ind., Apr. 28.—While the Victory loan campaign is overshadowing political activity in both the Republican and Democratic camps, the inside organization men are active.

In the Republican circles, the efforts of certain political friends of Senator James E. Watson to make him an aspirant for the presidential nomination make interesting gossip for the political dopesters.

Senator Watson has publicly announced that he will be a candidate for renomination in the senate race. This announcement followed conferences with the Republican party state leaders. But Watson's friends are persistent in their efforts to keep alive the possibility of having Watson a candidate for the presidential nomination. Lucius Hamilton, who has figured in the background of many political maneuvers in Indianapolis, is one of the prime movers in backing Watson for the presidential honors.

Governor Goodrich is interested in the Indiana presidential delegation, but whether the governor's name will figure in the national convention for presidential or vice-presidential honors depend upon his physical condition, his close friends say. The governor has never fully recovered from his injuries received in an automobile accident.

Democratic politicians are speculating on what part the new tax law will play in the state campaign. In Kentucky, Edwin P. Morrow, unopposed candidate for nomination for governor on the Republican ticket, is endeavoring to make the repeal of the new Kentucky tax law a plank in the Republican platform. The Kentucky law, which is more advanced than the Indiana law was enacted by a Democratic assembly. Philip Zoercher, Democratic member of the Indiana tax board has resented attempts of members of his party to make political issue similar to the one in Kentucky will arise.

MANY bed-ridden sufferers from backache and rheumatic pains owe their condition to the fact that they neglected the first warning of kidney trouble. Prompt action at the first sign of disordered kidneys will prevent much suffering. Keep the blood stream pure by keeping the kidneys healthy and the poisonous waste matter that causes pain and misery will be eliminated from the system.

Foley Kidney Pills

have brought relief to thousands of suffering men and women who were afflicted with backache, rheumatic pains, stiff or swollen joints, sore muscles, dizziness, puffiness under eyes, floating specks, biliousness, bladder weakness, loss of appetite or other symptoms of kidney trouble.

"Mrs. Sam C. Small, Clayton, N. M., writes: 'In January I was taken bad with my kidneys and bladder. I had been in bed two months, but kept getting worse. Then I got so bad something had to be done. We noticed an advertisement in the Clayton News for Foley Kidney Pills and we sent for some. They have done me more good than all the medicine I have taken.'

"SWAT THE FLY" IS SLOGAN

Indianapolis Schools Are Taking
Great Interest

Indianapolis, April 28.—"Swat the fly" week opened in the public schools of Indianapolis today.

Students started making a study of the life and habits of the fly with a view of learning its harmful characteristics. Speakers and educational films will be circulated among the schools. Next week the pupils will write essays on the fly and start the swatting campaign with vigor.

Small swatters will be supplied each room.

HEARING SET FOR MAY

Greensburg, Ind., April 28.—Preliminary hearing for Thomas Washington and John Hancock, negroes, of Indianapolis, held in connection with the killing of Elmer Robbins, a Big Four railroad detective, has been set here for May 14.

After Your Baby Is Born

Think Now About the Time to Come
Afterwards.

When you hold in your arms your tiny new infant, be sure that you can feel that before its arrival you did all in your power to give to it a happy pre-natal influence. Scientists say that the thoughts and feelings of the expectant mother greatly affect the health and disposition of the future infant.

For over half a century thousands of women who have used the time-honored remedy, Mother's Friend, say that they entirely escaped nausea, nervousness and that peculiar distressing feeling so usual where nature is unaided. They thus preserved a wonderfully bright and happy disposition, which reflects so markedly upon the unborn child.

By the regular use of Mother's Friend the muscles are made and kept soft and elastic to readily yield to nature's demand for expansion without the usual wrenching strain. The nerves are not drawn upon, and as a consequence the expectant mother is calm and serene and the nights are not disturbed with nervous twitches, and the crisis is one of joy and happiness.

Write the Bradford Regulator Company, Dept. K, Lamar Building, Atlanta, Georgia, for their Motherhood Book, of value to every woman, and get a bottle of Mother's Friend from your druggist and begin a treatment that will bring real results.

STATE COUNCIL GIVES OPINION

Thinks That Every County Council
Will be More Than Glad to Pay
Soldiers Expenses

WELCOME HOME CELEBRATION

Every County in The State in Ex-
pected to Have at Least Ten
Representatives

(By United Press.)

Indianapolis, Ind., April 28.—The Indiana State Council of Defense expressed the opinion today that every board of commissioners in the state will be prompt to request the appropriation of sufficient funds by the civil council to pay the expenses of returned soldiers, sailors and marines to the statewide Welcome Home celebration in Indianapolis. The date will be announced later to suit the convenience of the 150th Field Artillery of the Rainbow Division now enroute from France.

Every county in the state is expected to have ten representatives on the reception committee for the Welcome Home. These representatives are to be nominated by the County Councils of Defense and to include the council membership.

Appeals to pride and a sense of duty to the discharged men are being made by the committees in charge of the Welcome. Counties failing to respond promptly with adequate provisions for paying the expenses of the ex-soldier and service men will be conspicuous by their absence from the line.

Expenses of the soldiers while in Indianapolis will be paid. A contract for \$2,000 worth of public decoration indicates the estimate of importance the local committee attaches to the event. This sum will be increased by private enterprises in the decorative line.

AIRPLANES SEEN HERE

Airplanes which participated in the "flying circus" to advertise the Victory loan, in Indianapolis Saturday afternoon, were observed by people in southern Rush county while enroute from Cincinnati to Indianapolis. Reports of three machines being seen south of Rushville have been received. It is also stated that an airplane passed over Rushville early today, flying east.

Benjamin Franklin said: "He that murders a pound (five dollar) destroys all that it might have produced, even scores of pounds". Buy W. S. S.

AFTER INFLUENZA— WINTER COLDS— BAD BLOOD

You are pale, thin, weak—with little vitality. Your liver is sluggish and the bad blood causes your stomach muscles to lose their elasticity and become flabby and weak—then indigestion.

Doctor Pierce's Golden Medical Discovery, made from wild roots and barks, and free from alcohol or narcotics, is the great and powerful blood purifier of to-day. Ingredients printed on wrapper. This tonic, in liquid or tablet form, is just what you need to give you vim, vigor and vitality.

Take it as directed and it will search out impure and poisonous matter throughout the system and eliminate it through the natural channels.

You can procure a trial package by sending 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Stevens Point, Wis.—"Ever since I can remember, when I was a child at home, Dr. Pierce's medicines have been our family medicine. About two years ago I was very much run-down. I suffered loss of appetite, my blood was bad and I had no ambition to do anything; I was miserable. I got so bad I had to take to my bed. I started taking Dr. Pierce's Golden Medical Discovery. I soon began to feel better and three bottles of this medicine was all I had to use to put me in fine condition. I had a good appetite, my strength came back, and I once more felt that life was worth living. There is no better medicine—I do heartily recommend it. I shall be glad to answer any communications in regard to this medicine if stamped envelope is enclosed."—Mrs. A. W. Hawley, Route 3.

DRAFT MACHINES ARE SOLD
Indianapolis, April 28.—One of the first instruments of the war machine—local headquarters of the conscription boards—was being dismantled today. Many typewriters, typewriter desks, mimeographs, an addresograph, filing cabinets, physicians scales and much other office equipment are being sold by Major Robert Baltzell, federal draft agent for Indiana, who opened bids for this material today. The draft boards were disbanded some time ago.

KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets
The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.
Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.
Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.
You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Many children are behind their class because of bad, unclean teeth.

Get mother to have your dentist examine your teeth and treat them if necessary.

Then ask her to get you a tube of **SENRECO**, so that you can keep your teeth clean. Senreco Tooth Paste will do more to keep teeth clean and gums healthy than anything, excepting your dentist. Ask your dentist.

He knows SENRECO.

TWO MILLION TONS OF MEAT ADDED TO SUPPLY

Meat Surplus Was so Great in 1918 That Imports Did not Greatly Affect It

CONSUMPTION WAS GREATER

Washington, April 28.—American dressed meat production, including lard, amounted in 1918 to 20,129,000 pounds—a quantity never before approached in magnitude by the live-stock industry of this or any other country. The corresponding figure for 1917 was 16,317,300,000 pounds.

Three-fourths of this enormous increase was in pork and one-fourth was in beef.

The meat surplus in 1918 was so great that extra export demands made little impression on it, although 1918 export shipments of meat and lard nearly doubled the 1917 figures—rising from slightly less than 12 billion pounds to slightly more than 3 billion pounds—and these figures do not include shipments to American military forces abroad.

The aggregate 1917 consumption of dressed meat and lard in the United States was approximately 14 billion pounds, but in 1918 it rose to 17 billion pounds. This means, after allowing for increase in population, an addition of 23 pounds for every man, woman, and child in the country—despite the food conservation campaign which in 1917 caused consumption to decline considerably.

TOTAL OF 218 CASUALS ARE REPORTED TODAY

Commanding General of the American Expeditionary Forces Lists Five Hoosiers

90 ARE WOUNDED SLIGHTLY

Washington, April 28.—The following casualties were reported today by the commanding general of the American Expeditionary Forces for today: Killed in action, 8; died from wounds, 6; died of accident and other causes, 38; died of disease, 56; wounded severely, 9; wounded, degree undetermined, 9; wounded slightly, 90; missing in action, 2; total, 218.

Five Hoosiers were listed as follows:

Wounded slightly—Private Russell Carey, Shelbyville; Private Otto Guettner, Fort Wayne; Private Harvey N. Boule, Valparaiso.

Died from accident and other causes—Private Leo P. Holland, Peru.

Died of disease—Private Cleo C. Henahan, Muncie.

FRENCHMAN IS HOME WEARING DECORATION

C. Jeffery-Smith, formerly of Clarksburg, Starts in Business in Milroy After Discharge.

WAS IN THE AERIAL SERVICE.

Milroy, Ind., April 28.—Lieut. C. Jeffery-Smith, formerly a garage man at Clarksburg, has been discharged and will locate in Milroy where he will start in the garage business in the old electric light plant building in the east part of town.

Mr. Smith is a native of France, but is now a full-plledged citizen of the United States, having completed his naturalization. He is married and has two sons in college. His wife has been making her home in Indianapolis during his stay in France.

He was in the American air serv-

ice in France and says he has three German planes that he brought down officially to his credit. He was gassed with mustard gas during one of his engagements and his face is not entirely healed from the burns. He was transferred to the tank corps from aviation and later served in the railway service over there. He was discharged at Camp Sherman, Ohio.

Mr. Smith wears a decoration he received for his bravery displayed in action on the western front, where he had part in some hard fighting. He brought back some interesting souvenirs in the way of paraphernalia and souvenirs, including a watch with two sets of works which he took from a German on the battlefield.

State of Indiana, Rush County, ss: Rush Circuit Court,

February Term, 1919.

In the Matter of the Guardianship of William A. Jones, deceased. (A person of unsound mind.)

Notice is hereby given that the undersigned, as guardian of the estate of William A. Jones, deceased, (a person of unsound mind) has presented and filed his account and vouchers in final settlement of estate and that the same will come up for the examination and action of the Rush Circuit Court on the 12th day of May, 1919, at which time the heirs, creditors or legatees of said William A. Jones, deceased, are required to appear in Court and show cause, if any there be, why said account and vouchers should not be approved. And the heirs of said estate are also hereby required, at the time and place aforesaid, to appear and make proof of their heirship.

HARRIE O. JONES, guardian.

MANY CASES TO BE TRIED THIS WEEK

Those Being Tried This Week are More of a Miscellaneous Nature Than Last Week.

BIG CASES DISPOSED OF

Much Interest is Being Taken in the Rapid Fire Work That the Jury is Doing.

Indianapolis, Ind., April 28.—Having disposed of the majority of cases involving violation of the Reed national prohibition amendment, Judge A. B. Anderson in the federal court today turned his attention to the miscellaneous cases pending.

The cases to come before the judge during this week involve embezzlement, white slavery, desertion, from the army, failure to register, and conduction of a home distillery. Much interest is manifest in these cases in view of the rapid fire order in which the jury last week took the scalps of the liquor violators.

Although he docketed have all pending cases set for the first three days of this week much longer times is expected to be consumed in their trial. The following cases are on the docket.

April 28—Andrew Eggers, Bed-

ford, harboring deserter; Ora A. Busard, Charles R. Hahn, Oather Townsley, Ralph Davenport, John R. Bussard, Frank Fink, Theodore N. Lyeitz, Ralph Miller, Lloyd Keller, Noah Dilts, Fred Shively, Braxton Thompson, Henderson Sheets and William Exmeyer, Peru, stealing from interstate shipment; John R. Murray, Hardy F. Letcher and Edward Kinney.

April 29—Charles F. McIntyre, Trafalgar, embezzlement.

April 30—Jesse Burnside, Carl Dennison, and Clayton Stump, Nappanee, injuring mail boxes, Charles F. Kilkene, Cumberland, postoffice embezzlement Laxo Warnesh, Gary, illicit still; George Mulke, Ft. Wayne, failure to register; Ira C. Smuts, Bluffton, failure to register, James Ewing, Evansville; selling liquor to soldiers; John Hiber, Gary violating white slave law; Charles L. Taylor, Gary, violating white slave law.

Hilken formerly was postmaster at Cumberland. He is charged with embezzling \$380.

F. C. DEGREE

The F. C. degree will be conferred by Phoenix lodge No. 62, F. & A. Masons, Tuesday evening at 7:30 o'clock, on a class of eight candidates. Every member is urged to be present.

FREE—10 or 12 loads of crushed brick free for the hauling. Ray Keys. 3616

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

OVERALLS WASHED

We wash STARCH and IRON MEN'S OVERALLS, no matter how dirty or greasy they are. Send us your Rag Carpets and Rugs, Heavy Bed Spreads; we comb the fringe on fringed spreads and return them clean and free from any odor. We wash Wool and Cotton Blankets. We can save you money and labor by sending your entire Family Washing to us. We charge 7 cents a pound Rough Dry. Try it this week if you are in doubt.

The Facilities for Distribution of the The Standard Oil Company (Indiana)

THE service which, at all times, the Standard Oil Company (Indiana) is prepared to render its patrons, rests securely upon a solid foundation of complete distribution.

To perfect a system which shall make every product manufactured by the Company instantly available to anyone, anywhere, any time, has been the goal toward which this Company has been working since the day of its organization.

As yet this ideal has not been achieved; but the system as it stands is conceded to be the most perfect of its kind in the world.

The present equipment for distribution, including grounds, buildings, storage tanks, motor trucks, wagons, etc., represents an investment of more than \$30,000,000.

There are 27 main stations where complete stocks of all products are kept on hand. Supporting these are the bulk stations located at 2881 carefully selected points in 11 states. These stations are equipped with storage tanks having a combined capacity of 86,113,650 gallons of gasoline, 66,115,300 gallons of kerosene, and 4,300,000 gallons of lubricating oils.

It is necessary to carry this tremendous stock—total 156,528,950 gallons—at all times to insure quick, convenient service to the patrons of the Standard Oil Company (Indiana) wherever they may be, regardless of transportation difficulties or weather conditions.

To enable the Company to fulfill its obligations to patrons, and deliver to them the products they require, it is necessary to maintain a fleet of 3700 motor trucks and a caravan of 3500 horse-drawn wagons, either active or in reserve. These tank wagons are so organized that they, at regular intervals, can reach 75% of the homes in the territory at present served by this Company.

Supplementing the wagons, an equipment of 530,000 iron barrels, representing an investment of more than \$7,000,000, is kept in service to insure the safe delivery of oils and gasoline, even to those remote places where the dark-green tank wagon never has penetrated.

For the convenience of the motoring public, a chain of 1300 service stations has been organized and many others are in the course of construction. These stations are prepared at all times to supply the motorist with his requirements of gasoline and lubricating oils in any quantity and at the lowest prices.

This, in outline, is the distribution system upon which the service of the Standard Oil Company (Indiana) rests.

It is the hope of the Company that the time is not far distant when no person in the territory served will be more than five or six miles from a Standard Oil Company (Indiana) service station if he lives in the country, or more than one mile away if he lives in a town or city.

CHURCHES MAKING CENTENARY START

Fifty Have Already Gone Over The Top, According to Word Received by C. S. Black

MAKING SPLENDID SHOWING

Centenary Organization is to Assist in the Victory Loan Drive as Much as Possible

Although the intensive canvass of the Methodist Centenary Movement for the Christian reconstruction of the world does not take place until May the 18th, the churches of the Cincinnati area are making a splendid preliminary showing according to reports which have been received by the Rev. Clyde S. Black, pastor of St. Paul's M. E. church.

"Fifty churches have already 'gone over the top,' each one with a showing of from twenty-five to fifty per cent above the quota assigned for the five year program. There is one case, so far, where the showing is practically one hundred per cent above the quota. Just as one hundred years ago, John Stewart, a colored man, began the missionary work of the Methodist Episcopal church, so in the Centenary movement, which is in part a commemoration of that event, colored men have set the pace in achieving the financial goal so far as the Cincinnati Area is concerned. With but a fraction of the churches having completed their work, the Chicago District of the Lexington Conference, which is included in this Area, is already 'over the top' as a district, with its quota and a considerable margin. There is every indication that when the final returns are in, the colored churches of this district will have largely exceeded their quotas.

The Centenary organization is to give every possible assistance to the Victory Loan Drive. The sixty-nine hundred Minute Men are making speeches in behalf of the loan. They are also devoting their attention to the interest of employment for returned soldiers, setting aside Sunday, May 4th, for the emphasis on this important subject.

"Probably never before," said the Rev. Mr. Black, "has so much interest been aroused by any church project as by the Centenary movement. The big city papers, and the small papers as well, have given large space, recognizing that, in the critical condition the world faces just now, if the church does not undertake an adequate program there is grave danger for the basis on which modern civilization is founded. This was emphasized by Mr. Alfred Noyes—not a Methodist—in a very striking article under the title 'Civilization Imperiled' in one of the country's leading publications last week."

The Centenary provides for the raising of a fund of \$115,000,000 by the Methodist Episcopal Church, and \$35,000,000 by the Methodist Episcopal Church South; one-third of which is to be devoted to the home field; one-third to the foreign field, and one-third to war reconstruction. Even this project is classed by world-wide observers as but a small part of the work that America will be called upon to do in the next few years. Already out of the Centenary movement has grown an inter-church program having much the same objectives by providing a very much larger program in which twenty-seven Protestant denominations are participating.

WEATHER FOR WEEK

Washington, Apr. 28—Rain seems probable about the middle of the week, if not before, with fair weather at the end of the week. Temperatures will rise to normal Monday and Tuesday and continue nearly so during the rest of the week.

For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any drugstore for 35c, or \$1.00 for extra large size, get a bottle of zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

Haidler
MODEL D
9-16

ROCK ISLAND NO. 9
POWER LIFT PLOW
ATTACHED

MADE & SOLD BY
ROCK ISLAND PLOW CO.

A REAL ONE-MAN OUTFIT

The Haidler Model "D" 9-16 makes power farming POSSIBLE and PROFITABLE on the smaller or medium sized farm. When equipped with Rock Island No. 9 Power Lift Plow it is the handiest plowing unit you could own.

No. 9 plow is made especially for the Model "D" and is directly attached to the platform. With this combination you can turn square corners, plow closer to the fence and get into the corners—making every acre count.

Plow is operated by automatic power lift—your foot controls the plow, your hand guides the tractor.

KEROSENE OR GASOLINE

The 9-16 has specially designed manifold—burns either kerosene or gasoline.

Special friction transmission, 7 speeds forward 7 reverse, 4 wheels, 4 cylinders, heavy duty Waukesha motor. Sold with or without plow attached. Standard draw bar for pulling discs, hay tools, wagons, spreaders, binders, mowers, etc. Belt power for running smaller sized grain separators, silo fillers, corn shellers, etc. Will pump water, saw wood, run cream separator or washing machine.

PLANS BEING MADE FOR NEW EQUIPMENT

J. C. Bagley Here Last Week Confering With Officials on Fire Conditions.

HAS GREAT IMPROVEMENT.

J. C. Bagley, former deputy fire Marshal of the state of Indiana was here last week confering with authorities concerning orders for new fire hose connections for the local system. At the present time the local fire department is a thing apart from any other station in the state. In the present condition this department could not help another city in case of a large fire and the other cities could not help Rushville.

Mr. Bagley has a standardized nozzle that he thinks will make one city able to aid the other in case of fire. For instance, Connersville has a different size connection for the fire hose than Rushville and in case of a large fire their department could not aid the local station no matter in what situation they should happen to be. With the new standardized nozzle other stations could rush their motor equipped wagons here hook onto the local fire plugs and begin to help.

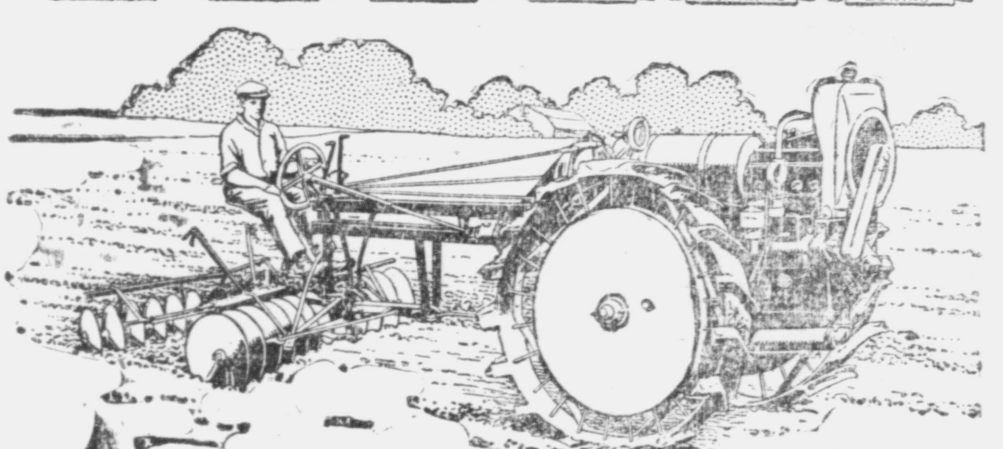

The change will cost very little and it is thought that at the next meeting of the city council they will make a provision for this new system. Although it may not be necessary to use this method of helping each other it is the same principle as life insurance and other forms of protection.

THREE WILL BE GRADUATED

New Salem Commencement Exercises Will be Held Tomorrow Night

The Rev. Clyde S. Black, pastor of the Methodist Episcopal church of this city delivered the Baccalaureate address to the graduating class of the New Salem high school last night in the school auditorium, to a large crowd, the room being packed to its capacity. The commencement exercises will be held tomorrow night and diplomas given to the three girl graduates, the Misses Myrtle Sefton, Helen Jinks and Bertha Moore. The lecture will be given by Asa Smith, formerly a lyceum lecturer, who served in the army as a private. His story of his experiences is sure to be interesting and highly educational.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

One Man Discs 27 Acres a Day with the New

MOLINE
UNIVERSAL TRACTOR
It Solves The Farm Help Problem

Discing is rapidly and economically done with the new Moline-Universal Tractor, Model D, one man with an 8-foot tandem disc harrow covering 27 acres in ten hours. With a 10-foot disc harrow he covers 38 acres, and with a 20-foot peg-tooth harrow 70 acres.

The light weight of the Moline-Universal Tractor, 3,380 pounds, makes it especially adapted for discing and similar work, as it does not pack the soil and uses but little fuel, running on less than half throttle most of the time. It is light, but more than enough power to pull two 14-inch plows at high speed, all its weight being traction weight.

The Moline-Universal Tractor attaches directly to the implement and forms a single, compact unit with it that is controlled by the operator from the seat of the implement, where he must sit to do good work. One man with the Moline-Universal does as good work as two men with the average tractor.

The Moline-Universal is adapted for all classes of farm work. Its high

clearance, 29 1/2 inches, makes it ideal for cultivating, and it is equally well fitted for planting and harvesting. In addition, it has ample power for belt work, pulling a 24-inch grain separator or 16-inch ensilage cutter with ease.

There is work on the farm every day in the year for the Moline-Universal Tractor. It will do every field operation that can be done with horses and do it better, faster, and cheaper. This is why the Moline-Universal really replaces horses, and, at the same time, by enabling one man to do much more work than ever before possible, solves the farm help problem.

The detailed construction of the new Moline-Universal, Model D, is the best it is possible to manufacture. Perfected 4-cylinder overhead-valve engine, electric starting and lighting system, complete enclosure of all working parts, and fifteen Hyatt roller bearings, are a few of the main features.

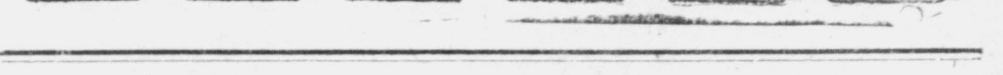

We invite you to examine this machine at your earliest opportunity.

WORLD CONSTITUTION OF THE LEAGUE OF NATIONS ADOPTED

Covenant Will be Incorporated in Peace Treaty and May Become Fact When Pact is Signed

MUST BE RATIFIED, HOWEVER

President Wilson Makes a Brief Speech, Explaining Changes Made in The Revised Covenant

THE JAPANESE SERVE NOTICE

Will Continue to Seek Recognition of Racial Equality Through The League of Nations

(By United Press.)
Paris, April 28. (5:30 p. m.)—The world constitution of the league of nations was adopted by the peace conference in plenary session this afternoon.

The covenant will be incorporated in the peace treaty and may become a fact as soon as that pact is signed by the delegates and ratified by respective parliaments.

Sir Eric Drummond of Great Britain will be the first secretary-general of the league. The executive council will be composed of the representatives of the United States, Great Britain, France, Italy, Japan, Belgium, Greece, Spain and Brazil. Appointment of Drummond and nomination of the four smaller nations to be represented in the council, was moved by President Wilson.

The president made a brief speech explaining changes in the revised covenant. He referred to the Monroe Doctrine amendment merely as a new article.

The French sought to obtain provisions for a special commission to gather information concerning national armament and permanent organization, making the amendment operative in case of emergency. No action was taken on the French amendment for greater military guarantee.

Baron Makino, speaking for Japan, gave formal notice that his country will continue to seek recognition through the league of nations, which did not again bring up the amendment on the racial equality, which was defeated by the league.

The report of the commission on international labor legislation was adopted.

The report of the responsibility commission was not presented. The session adjourned at 5:35 p. m.

The revised covenant is entirely changed in language but contains the same principles as the original constitution. Aside from changes in phraseology, the outstanding amendments bearing on principle are:

The executive council by a unanimous vote, may increase its own membership, thus opening the way for admission of Germany or Russia to that body when it is deemed advisable.

A member nation may withdraw from the league by giving two years' notice.

Individual sovereignty is guarded throughout the covenant.

WOULD TURN BACK CABLES

Washington, April 28.—Postmaster General Burleson today recommended to President Wilson that all government controlled cable lines be turned back to their owners. He declared that the cable lines should be returned before May 10.

NOSE IS BROKEN

Stanley Stewart of New Salem suffered a broken nose Saturday while enroute to Rushville in an automobile. The machine hit a pile of gravel at the side of the road, throwing Stewart against one of the bows of the automobile top.

Ex-Kaiser To Answer For His Crimes

If Peace Conference Adopts Provisions Placed Before it Today, Wilhelm and Agents Will be Put on Trial Before International Tribunal of Five.

GERMANY REQUIRED TO HELP

(By United Press.)
Washington, April 28.—Former Kaiser Wilhelm and his agents must answer to the allies for every outrage and violation of international law during the war, if the peace conference adopts provisions placed before it at Paris today.

Furthermore, all secrets of the German war office must be bared to permit the allies to discover those responsible.

The provisions to try the ex-kaiser have been pushed by the French delegates throughout the conference.

Provisions requiring fair trial have been inserted to overcome this opposition and to insure justice, even if stern for those responsible for the war.

The ex-kaiser will be tried by an international high court composed of five judges. The United States, Great Britain, France, Italy and Japan would each select a judge.

Germany will not be required to assist the allies in running down guilty ones and this provision will force the German peace delegates to admit the responsibility of the former regime for the war and would put Germany on record for all time.

Not only those who committed outrages in Belgium and France, but the thousands of spy workers in all countries, including the United States, could be apprehended by revelations which Germany would promise under the pending article.

All other persons accused of violating the international law must be turned over for trial under the proposed plans.

In every case the accused would be entitled to choose their own counsel and the tribunal will be guided by the strict terms of international law and international morality, in fixing punishment.

ITALIAN PARLIAMENT IS SUMMONED TO MEET

Country's Future Course Will Depend on Action of Body After Orlando Presents Program

RESOLVE TO CALL FOR FIUME

(By United Press.)
Rome, April 28.—The Italian parliament has been summoned to meet at two o'clock Tuesday afternoon.

Italy's future course will depend on the action taken by that body after Premier Orlando's presentation of the program following his return from the peace conference. A resolution providing for a vote of confidence in the ministry is understood to have been prepared.

A section of the resolution to be presented for adoption provides for annexation of Fiume and territory awarded Italy in the pact of London, without setting forth allied sanction.

DEPARTURE MYSTERY

Washington, April 28.—Details of Ambassador Page's departure from Rome for Paris was a mystery here today, officials of the state department announced.

BOY LOSES SIGHT OF AN EYE

Arbie Park, Age 12, Explodes Cart-ridge on Rock Along River

Arbie Park, age 12 years, son of Mrs. Marshall Kirk of West First street, lost the sight of his right eye Saturday evening as the result of an accident along the river southwest of Rushville. The eyeball was removed yesterday morning at 10:30 o'clock at Long's hospital in Indianapolis, where he was taken Saturday night. The Park boy was with a boy named Osborne, who had some cartridges, one of which young Park laid on a rock and hit with a hammer. The sight of his right eye was completely destroyed by the explosion.

ACCUSED OF THREAT TO KILL FORMER WIFE

Harry Headlee, Who Was Arrested in Shelbyville, Gives Bond Today For Appearance Saturday

HAD AN AVERSION FOR JAIL

Harry Headlee of Shelbyville, who was arraigned before Squire Stech on surety of peace proceedings this morning, pleaded not guilty and gave bond of \$100 for his appearance for trial Saturday morning at 9 o'clock. Mrs. Lucy Headlee of near Homer, his former wife who divorced him, filed an affidavit against Headlee and he was arrested at Shelbyville Saturday by the sheriff of Shelby county. She alleges that Headlee threatened to kill her. Headlee was in the Rush county jail once for three days, having been sentenced for contempt of court because of his failure to pay his former wife support money as the divorce decree provided.

Low Cline, constable in Squire Stech's court, brought Headlee here Sunday, but he could not give a cash bond, a surety bond not being legal on that day, and was returned to Shelbyville by the constable because Headlee had an aversion for spending the night in jail. Cline brought him back here this morning and the trial was set for Saturday.

SPLIT DEVELOPS IN GERMANY OVER PEACE

Powerful Industrial and Commercial Interests Would Accept Terms of Allies at Any Cost

RADICALS DISAGREE TO THIS

(By United Press.)
Berlin, April 28.—On the eve of the departure of main body of German delegates the government today showed alarm at the growing tendency of powerful industrial and commercial interests to demands of immediate peace even if the terms are harder than anticipated.

The difference in opinion is understood to have caused a split in the cabinet, one in favor of signing the treaty and the other opposed to it.

The radicals believe the allies will back down when confronted by the Bolsheviks, and also are encouraged by Italy's withdrawal from the conference.

The industrialists consider Bolshevism worse than indebtedness and do not want business further ruined by continuation of economic blockade.

DAKOTAN AT BOSTON

Boston, Apr. 28.—The transport Dakotan, bringing 1,500 officers and men of the 14th light railway engineers, arrived from Bordeaux yesterday. The regiment was recruited from men on New England railroads.

LOAN TOTAL IS \$50,000 HIGHER

Although Gain is Made Over Week-End, Victory Campaign is Not Making Encouraging Progress

ORANGE TOWNSHIP OVER TOP

Reports Additional Sales Amounting to \$14,150 Today, Bringing Total Subscriptions to \$34,450

Although Victory loan subscriptions reported today showed an increase of \$50,000 over the week-end the campaign is not in the least encouraging, according to county loan officials today.

The sale of Victory notes totaled approximately \$500,000 today, which means that there is a long road ahead because subscriptions amounting to \$925,000 will yet have to be made before Rush county can report a one hundred percent subscription.

Reports received by T. M. Green, director of sales in the county, disclosed that Orange township is the first in the county to reach its quota with subscriptions amounting to \$24,150. Orange was the first township in the county to go to work in earnest and likewise it was the first to make a report.

Additional sales amounting to \$14,150 were reported this morning to Mr. Green, which sent the township over the mark. Anderson township also reported additional subscriptions amounting to \$2,600, which brought the total for the township up to \$17,700. These two reports make the total reported to Mr. Green \$68,300. These sales have been made by canvassers in four townships—Orange, Anderson, Walker and Ripley. No other townships have been heard from.

It was pointed out today that the reason for Rush county lagging behind many other counties was the fact that the campaign was being conducted here exactly in accordance with the government program. The government has insisted from the very outset that the bank should not take the Victory bonds, but that they must be sold to the people. It is very plain that many counties which were reported over the top the first day of the drive did not sell their whole quota, but that it was absorbed by the banks.

The government is seeking to avoid this condition because it will call on the banks to take future loans.

VICTORY BOND SALES NEAR BILLION MARK

To Complete Minimum Quota by May 19, Daily Average Subscriptions Must be \$316,000,000

NEAR 50 MILLION IN STATE

(By United Press.)
Indianapolis, Ind., April 28.—North and central Indiana—those 68 counties in the seventh federal reserve district—had subscribed \$35,243,050 at noon today and the total is expected to hit \$50,000,000 tonight.

Washington, April 28.—Victory bond sales approached the one billion mark today, according to an official report at the treasury.

Reports of sales officials accredited were slow in the nation's federal reserve districts.

To complete the minimum quota of \$4,500,000,000 by May 10, campaign leaders must bring in subscriptions averaging \$316,000,000 daily, according to treasury figures.

FOR DEFAUDING CREDITOR

Michigan Man Who is Defendant in Civil Suit, is Indicted

William Sanford of Michigan, who is one of the defendants in the suit filed by William Dagler of this city to recover two Indiana farms, in which a conspiracy to defraud is alleged, appeared in circuit court Saturday afternoon and gave bond for \$1,000 for his appearance to answer to a charge of defrauding creditors. He was indicted by the grand jury during the February term of court. It is understood the indictment is based on the land deals involved in the civil suit filed by Mr. Dagler.

TWO CARS IN HEAD-ON COLLISION NEAR HERE

Machines Driven by George Offutt and Noble Bassett Are Badly Damaged Sunday Night

OCCUPANTS ESCAPE INJURY

George Offutt, who attends high school here, the son of Mr. and Mrs. Ollie Offutt of near Arlington and Noble Bassett of Morristown figured in an automobile accident near the Bruce Johnson farm about four miles west of here last night about 7:30. The accident was in the form of a head-on collision. Young Offutt was driving a new enclosed car and Bassett was driving a touring car.

The nature of the accident indicates that it was the result of careless driving on the part of both parties, from the reports received. The Offutt car was badly damaged, having all four wheels broken down. Persons who saw the wreck said that Offutt's machine had turned completely over. Bassett's car is reported to have come out of the accident in better condition. The strangest thing about the accident is that no one was seriously injured as there were two other boys with Offutt, Ridland Overleese and George Root, both of Arlington. None of the parties received anything more than bruises and slight scratches.

TWO CONTRACTS FOR STONE ROADS AWARDED

Charles E. Reddington of Greensburg Will Build Fred McManus and Chester Cross Highways

NO BIDS RECEIVED ON ONE

The county commissioners late Saturday awarded two road contracts and advertised three others for letting June 2, one of which through inadvertence was not advertised for Saturday, the Ruby road in Ripley township. The Lafayette Peek road in Orange township and the Gabe Hildreth road in Richland township were the other two set for June 2. No bids were received on the Hildreth road.

Charles E. Reddington of Greensburg got the two contracts, his bids being the only ones submitted. The construction of the Fred McManus highway on the Jackson-Center township line will cost \$17,215 and the Chester Cross road in Jackson township, \$11,000. The McManus road will be 7,392 feet long and will be built of crushed stone. The Cross road will be of the same construction and will be 4,572 feet.

The preliminaries for the J. W. Anderson and Samuel B. Kirkpatrick roads, petitioned for under the county unit law, were O. K'd by the commissioners, who as viewers will report on or before May 15.

CONSPIRACY TO DEFAUD, CHARGE

Second Paragraph to Complaint of William Dagler Demands Damages in Sum of \$51,275

LAND DEALS ARE INVOLVED

Local Man Declares William Eikenberry and Confederates Cheated Him Out of Two Farms

An alleged conspiracy, that reads like fiction, to defraud William Dagler out of a farm in this county valued at \$8,000 to \$10,000, and one in Morgan county valued at \$9,900 is set forth in the second paragraph to the complaint against William Eikenberry of Russiaville, Howard county, Indiana, and his alleged confederates, which has been filed in the Rush circuit court, and in which \$51,275 damages are demanded.

Besides Eikenberry, who is declared to be the head of the alleged conspiracy and who is reputed to be a man of wealth, the other defendants are: Alva N. Harold, living west of Rushville on a farm formerly owned by A. P. Walker, who Dagler says posed as his friend; Oliver J. Frazee of Marion, Ind.; Pharaoh N. Hill of Mooresville, Ind.; Arthur P. Forum of Paris, Illinois; Charles W. Range of Indianapolis; William Boyd of Indianapolis; William Sanford and his son, Stanley Sanford, and the latter's wife, Lottie A. Sanford, all of Michigan.

Argument on the motion of William Sanford to strike out parts of the interrogatories was heard by Judge Sparks in circuit court Saturday, but no ruling was made. On April 19 Sanford filed a motion to set aside the order of the court requiring him to answer interrogatories submitted by the plaintiff. This motion was sustained and the motion to strike out parts of them followed. If Sanford is required to answer the interrogatories, the answers may be used in the trial of the case as evidence, it is said.

The use of drugged whiskey and other means of influencing Mr. Dagler are charged in this second paragraph. It is declared that in taking the plaintiff to see land which the defendants traded to the plaintiff, they did not allow him to converse with other people, but hauled him in their automobiles when he was always surrounded by Eikenberry's alleged agents, two of whom, Harold and Frazee, are described as both being "oily tongued, persuasive traders, trained and expert in the wily arts of experienced traders."

Several land deals are involved in the transaction whereby it is alleged Dagler was cheated out of his two Indiana farms. The second paragraph sets out that Eikenberry, through some of his agents, first traded the plaintiff 293 acres of land in Ridesfield township, Huron county, Ohio for his Morgan and Rush county farms. It is charged Eikenberry's agents represented the Ohio land to be worth the fair cash market value of \$225 an acre, whereas the plaintiff says he has since learned from persons living in Huron county, Ohio, that the land is worth only \$50 an acre.

Instead of the Ohio farm being fertile, productive land as represented to him, it is "unproductive and worthless for raising general crops by reason of the fact that it does not contain a proper sub-soil and consists of a thin layer of soil over a strata of rock, which lies near the surface of the soil on all of the said Ohio land," all of which allegations are set forth in the second paragraph to the complaint.

Dagler says that after he obtained the deed for the Ohio farm and discovered that it was worth far less than the innumerable of \$35,000 existing and placed on there at the

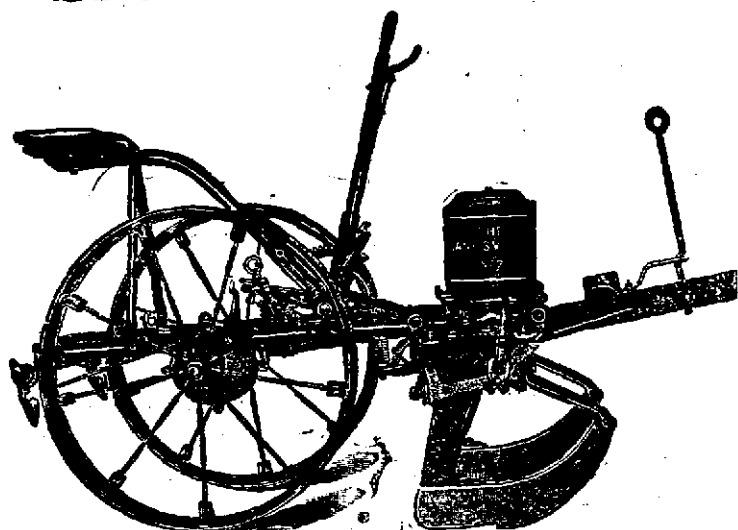

FOODS OF ALL KINDS ARE HIGH

Many things are advancing daily and few declining. With the entire world calling for more food there is no chance of the cost of living being greatly reduced in the near future. Use your judgement and practice economy. Our store is a haven for those who appreciate real economy.

Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter, you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

HAS NO RIGHT TO USE FUNDS OR INTEREST

County Clerks Can't Borrow Them, According to Opinion of Ele Stansbury, Attorney General

THEY MIGHT KEEP THE MONEY

County clerks who hold in custody certain funds not regarded as public funds, have no legal right to borrow or use temporarily the funds or the interest thereon, according to an opinion which Ele Stansbury, attorney-general, prepared for Gilbert H. Hendren, chief examiner for the state board of accounts.

The attorney-general found no law specifying how the funds shall be kept other than that they shall be recorded on a book open to public inspection. He ruled that the clerk might keep the money either in a vault or on deposit, but that if the money is put in a depository which pays interest, the interest shall go to the person who receives the money in legal right.

The funds in question are those created by receiving payments on judgments, alimony, dues and demands of record and all such money as the courts order turned over to the clerks in trust for another.

The experience of the state board of accounts has been that occasionally clerks "borrow" from such funds when the funds accumulate, owing to the fact that they alone have record of the funds and often deposit the funds in their individual names instead of in their names as clerk of the court.

GREEN SPROUTING.

Division of Horticulture.

Green sprouting will keep that sprouting late potato seed in good condition until planting time. It is especially important practice this year since the war winter and spring have started the tubers into growth early.

To avoid long sprouts and pithing of tubers, place them now in a well lighted room, bin or crib, where the temperature is above freezing. If the tubers already have long sprouts upon them, remove these first before putting out to green sprout. Sunlight is unnecessary and success is assured if the potatoes receive plenty of light each day.

In a week or so after being placed in the light the young green sprouts will start to grow. After becoming about a quarter of an inch long, growth will cease. These short stubby green sprouts will remain dormant until planting time. Such tubers will retain their vigor; mature a crop earlier; be more resistant to disease attack and insure a more uniform stand.

MADE BY SCIENCE TO WEAR WELL

"It looks as if the shoes with Neolin Soles I am using would last another six months. I have worn them two years," says Clarence J. Bloeker, of St. Louis, Missouri.

This is extraordinary wear even for Neolin Soles. But because they are made by Science to be especially tough and durable, all Neolin Soles wear a long time. And shoes soled with them are a real economy.

Buy Neolin-soled shoes for yourself and for the whole family. You can get them in many styles—at prices that are no higher than on shoes that give only ordinary wear. Have your old shoes re-bottomed with Neolin Soles, too.

These soles are noted for their comfort and waterproofness, also. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who make Wingfoot Heels—guaranteed to outwear all other heels.

Neolin Soles

When You Need a Truck

What one are you going to buy? Are you going to buy the one that conservative business men buy or are you going to buy the one that some purchasing AGENT of the government bought without considering whether it was right or wrong. UNCLE SAM paid the freight on all government trucks. But when a highly successful corporation, that was spending their own money that they had made themselves, knew that the government would need GASOLINE delivered to their various camps all over the country and that failure to deliver this gasoline at the right time meant the possible loss of some of our brave boys—WHAT DID THEY BUY TO DELIVER THE GOODS?

"INTERNATIONAL TRUCKS"

—because they knew that they had never failed to do what they were built to do. There is a difference between SPENDING your own money and money furnished by the government and wide awake business men buy what they KNOW is right. That is what the STANDARD OIL COMPANY did when they bought INTERNATIONAL TRUCKS. They KNEW what was the best and bought them. I want to demonstrate an INTERNATIONAL to every MAN that wants a truck. For they are the ones that one can absolutely depend on—without saying anything about International Service or that repairs and expert service are always obtainable at Richmond in THREE HOURS time. It makes no difference what truck you buy, you will need repairs and expert service sooner or later. That is what we are going to give you when you want it without any delay. WATCH the Standard Oil Company TRUCKS. You can see them on the streets every day. When you buy, BUY one that you can use every day, and not in the repair shop all the time. I will gladly demonstrate the INTERNATIONAL to you at any time.

CAMP SONGS — CAMP STORIES

Days Pickings

A marriage license has been issued here to Miss Edith Downey, daughter of Mr. and Mrs. Lora Downey and Alva E. Jones, both of this city.

The dedicatory services for the Christian church at Orange will be held the second Sunday in May, the 11th. C. W. Cumble of Indianapolis will deliver the address.

The Arlington high school play was well attended at the second rehearsal Saturday night. The play was an up to date version of "The Merchant of Venice."

A baby boy weighing nine pounds was born to the wife of Louis C. Hiner, formerly of this city, at their home in Astoria, Oregon, April 19, according to word received here. The baby was named Louis Chase, Jr.

The New Salem high school play, "A Misplaced Decimal," was given before a packed house Saturday night, after all could not be accommodated on Friday night. It was stated this morning that more than \$93 was cleared on the two nights.

\$10 AND COSTS AND 10 DAYS
Charles Day was fined \$10 and costs and sent to jail for ten days in mayor's court this morning, being charged with public intoxication. This is the second time Day has been fined in the last three months. When asked where he got his whiskey, he told a confusing story.

Our Returning Soldiers

Throughout the country our soldiers are making their way to their home towns. And complaints are made that in many places they are received with little enthusiasm.

We do not believe that the lack of enthusiasm comes from any lack of feeling. Americans are not given to expressing their emotions. The American youth is trained to repression and self-control, and the result of this training remains with the adult.

But when the soldiers come home is the time, if ever, to give expression to our feelings. These young men have risked everything in the service of their country. They have endured discomfort and suffering and peril for our protection. They come with the stripes of honorable discharge upon their sleeves.

Let us greet them with the heartiest of welcomes. The small town cannot give its returning heroes triumphal arches and wonderful music and great parades. The more need that we should show them the depth of our feeling, our enduring pride in them, and our joy in their return.

What the Storekeeper Said

- "It's not so much what I put on my shelves as what I keep off them that makes me a success," said a well known retailer.
- "The only kind of goods I can make money on are the kind that keep moving."
- "I prefer newspaper advertised products because it takes less time to sell them."
- "My clerks don't have to waste time explaining what they are—people have read that information in the newspapers."
- "Presentation generally makes the sale."
- "Do I back up the manufacturer who advertises his goods in the newspapers? You bet I do! That kind of manufacturer is making trade for my store."

Buying Judgment

In the economy of the home much depends on the judgment used in buying supplies. Much also depends on the judgment of your merchant in buying his stock.

Our Splendid Stock of Groceries is BOUGHT TO MEET YOUR NEEDS

We simply ask a chance to make our word good. You'll be the loser if you fail to try them.

Amusements

Serial at the Mystic

The twelfth episode of the serial picture, "The Lure of the Circus," will be shown at the Mystic theatre tonight. In addition, an L-Ko comedy "Business Before Honesty," and Current Events, will be offered.

In "Treat 'Em Rough," a story of the western plains with Tom Mix in the stellar role, there is something very fascinating. This picture, which is said to be the best of all the cow boy stories screened, will be at the Mystic Tuesday. It is the cinema version of "Charles Alden Seltzer's famous novel, "The Two Gun Man," and was made by William Fox. It is replete with action, romance, thrills and suspense.

Tom Mix as Ned Ferguson, the two gun man, has the best role of his career, and does stunts that will make you marvel at his daring. One in particular, that of bulldozing a steer to stop a stampede, is the most thrilling sight of all his sensational feats. It is here shown for the first time on the screen.

Dorothy Dalton at Princess

"Hard Boiled," starring Dorothy Dalton is the offering at the Princess theatre tonight.

Instead of the little country girl being stranded in the city and having to work out her salvation, she plays the part of a big city girl—the prima donna of a musical comedy company—stranded in a decidedly small town. The small town has lurid temptations for the metropolitan miss as the great city has for the unsophisticated lass. That it is a greater problem to make a livelihood in the country by a girl trained to the way of crowded streets than it is in the city by a girl from the farm, is convincingly portrayed.

Dorothy Dalton is seen as Corinne Melrose, the singer, stranded in Nilesburg, when the theatrical ghost fails to walk. How she wins the affection of a motherly old woman and by her wits saves her benefactress from the grasping clutches of a skiffint money loaned furnishes the action for the story.

It so happens that the money loaner is an old man who attempted to force his attentions on the singer during the last performance of the musical show and she sees this weakness as a weapon to attain her purpose. The trap she sets and its success, furnishes a great deal of clever comedy that has been brought out in a telling manner by the able directing of Victory L. Schertzing.

Tomorrow Lana Cavanaugh in "The Two Brides" will be shown.

Lest we forget what happened to the Lusitania—lest we forget what happened to Belgium—lest we forget what War means to the ones we love—let's get back of the Victory Liberty Loan with an overwhelming subscription.

OUR AIN is to satisfy our customers to the best of our ability. For this reason we unreservedly recommend

BUCKEYE WIRE FENCE

EXPERIENCE of old fence builders has taught that Buckeye fence excels in QUALITY, lasts longer and is the CHEAPEST fence on the market.

J. P. FRAZEE

CONSPIRACY TO DEFAUD, CHARGE

Continued from Page One
time of its conveyance to him, he signed a deed for it and tendered it back and offered to reconvey it to the parties from whom he received the title. It is stated that William Sanford, who had conveyed the Ohio land to Dagler, agreed with him to reconvey the two Indiana farms, but has since refused so to do on account of the objections of his co-defendants. Further deals were then made, which are described as follows in the second paragraph to the complaint:

"Plaintiff says that after that he was persuaded by the defendants to exchange said Ohio farm to one, Arthur P. Foreum of Paris, Illinois, for 346 acres of land in Owen county, Indiana, which was rough and hilly land and worth no more than the incumbrances thereon and afterwards was persuaded to exchange said Owen county farm for 95 acres of land in Monroe county, Indiana, then owned by the defendant Pharaoh N. Hill. That said land in Monroe county is worth only the fair cash market value of \$1,000 which is all that plaintiff has received by reason of said exchanges and trades of real estate. That all the acts, representations and things done as hereinbefore mentioned were done by the defendants in pursuance of said conspiracy to cheat and defraud this plaintiff out of his said real estate and property as herein before alleged."

The plaintiff sets forth that when these deals took place, November, 1918, he was 61 years of age and on account of having suffered a cerebral hemorrhage, commonly known as a stroke of paralysis, several years previous, he was in feeble mental and bodily health.

Eikenberry is described as being at the head of the alleged conspiracy. He is said in the second paragraph to be a man of large means and property, being worth about \$250,000 or \$300,000, and as a shrewd and capable real estate trader and dealer of many years experience. His operations extended over Indiana, Ohio, Illinois and Michigan, the second paragraph says; also that he had agents, confederates and employees in each of these states, under a trading system whereby Eikenberry traded and exchanged farm lands, city properties, stocks of goods, merchandise, bonds, notes and mortgages.

"Eikenberry was the head of said system, 'the second paragraph continues, 'and furnished the capital and funds,' with which to make said deals, but usually directed his agents, employees and confederates to make all preliminary negotiations for said trades and usually required said employees, agents and confederates to take the title to any real estate traded for in their own name for the purpose of escaping personal liability himself."

It is charged that Harold gained the confidence of Dagler by "various small business transactions with

plaintiff purposely planned with that intention." It is stated that Harold sold Dagler notes at an unusually heavy discount and had traded him live stock and had bought personal property of the plaintiff.

It is set forth that on election night, November 5, 1918, after Dagler had been on the election board without sleep until after midnight, Harold came to his home and persuaded him to go to Muncie in Harold's machine. From there they went to Ft. Wayne on a traction car, it is said, and then, being joined by Frazee, in a powerful touring car belonging to Eikenberry and driven by a son of the defendant Bange, to inspect the Ohio county farm. The plaintiff alleges that on the trip he was not allowed to talk to anyone else and that he was entertained in royal fashion, all expenses being paid.

Upon their return to Fort Wayne, the plaintiff says he was informed it was too late to trade for the Ohio farm because Eikenberry had traded it to the defendant, William Sanford. Dagler avers that Eikenberry did transfer the farm to Sanford "for the purpose of causing plaintiff to be more anxious to trade for the same and was merely done for the purpose of avoiding personal responsibility upon the part of said Eikenberry."

It is the next step in the alleged transactions where it is charged drugged whiskey was used to influence Dagler. He says he was informed a few days later he could still trade for the Ohio farm and was taken by Harold to the office of the defendant Bange, 15 and 16 Baldwin block, Indianapolis, Ind. The second paragraph describes Bange as "an unscrupulous trader known as 'The King of Dogberry Row,' then in the employ of said William Eikenberry."

It is further set forth that "in said Bange's office plaintiff was given whiskey to drink several times by Bange, which plaintiff now believes was drugged whiskey, and which plaintiff was given with a view of overcoming his will power and

making him more susceptible to the influence of said Bange.

"That after giving him said whiskey and so causing him to come under its influence, that plaintiff did not realize and know what he was doing, said Bange caused deeds for plaintiff's real estate," in Rush and Morgan counties, "to be signed by plaintiff, causing him to convey the same to the defendant, Stanley J. Sanford and Lottie A. Sanford, wife of Stanley J. Sanford, parties whom the plaintiff does not know and never has seen, but whom plaintiff is informed and believes are the son and son's wife of the defendant, William Sanford, and reside in Osceola county, Michigan. That at said time said Bange also procured a deed to plaintiff for said Ohio

county farm, said deed being signed by Stanley J. Sanford and his wife Lottie A. Sanford, the same having been conveyed to them by said William Eikenberry subsequent to the plaintiff's trip to said Ohio farm."

The Cash Value of Public Opinion

Like a dirty, frayed collar on a man in a \$60.00 suit, an "untidy" fence discounts a fine farm in public opinion.

And as a clean collar offsets to a great extent the frayed "hand-me-down," a Page fence adds dignity and prestige to the humblest farm home.

Your banker, your storekeeper, your neighbors, the man who may be looking around to buy a farm—their opinions are based partly—sometimes strongly—upon what they see.

And their opinions have a cash value that will be a big asset to you in your business transactions with them.

A PAGE FENCED FARM IS NOT ONLY THE SIGN OF A GOOD FARMER

But is also reliable evidence that the good farmer HAS A GOOD FARM. The reputation of your farm is a business asset which deserves protection.

We sell Page, Elwood and American Fence.

We give 5% off for cash.

BUY THRIFT STAMPS

Mrs. Jesse Poe will be hostess for the Five Hundred club tomorrow evening at her home in North Morgan street.

Members of the S. E. T. club will meet tomorrow afternoon at the home of Mrs. John Lee in North Harrison street.

The War Mother's club will meet with Mrs. Belle Trobaugh, 532 North Harrison street, Wednesday afternoon.

The Catch-My-Pal class of the First Presbyterian church will meet Wednesday evening at the home of Miss Bessie Tyler in South Pearl street.

The Executive meeting of the Woman's Missionary Society of the Main Street Christian church will be held tomorrow afternoon at three o'clock in the parlors of the church.

Mr. and Mrs. Frank Crist, of near Orange, have announced that the marriage of their daughter, Miss Drusie Crist to Wilbur McKee, son of Ida McKee, will take place Thursday afternoon, May 1, at the home of the bride's parents.

Mrs. Lon Havens will entertain the O. N. T. club Tuesday evening with a pitch-in supper at her home in North Main street. The honored

guests will be Mrs. James Brown of Laurel, formerly a charter member, and Mr. and Mrs. Frank Capp. Each guest is entitled to bring one guest.

The pupils of the Orange high school enjoyed a pitch-in supper at the high school auditorium Saturday evening. After the delicious luncheon the remainder of the evening was spent in contests, games and music. Mr. and Mrs. D. Norris and Mr. and Mrs. W. P. Sipe chaperoned the party.

Yesterday the pupils and teachers went to Richmond and enjoyed a picnic at the Glen Miller park.

A number of prominent ladies living west of the city, met at the home of Mrs. Oliver Fletcher last Thursday afternoon and completed plans for the organization of a new social club to be called the Inter Nos club. A delightful afternoon was enjoyed by all and at the close of the meeting dainty refreshments were served by the hostess. The officers of the new club are president, Mrs. Alva Cassidy, secretary, Mrs. Oscar Williams, and treasurer, Mrs. Byron Gates.

FRILLS ALL THE RAGE NOWADAYS

By MARGARET ROHE

Oh the new fashioned girl
Is of oldfashioned stripe
And her type I should say
Is—Daguerreotype.

New York, April 28.—The way the women are dressing is certainly tough on the G. A. R. veterans. Why it gets the old boys all mixed up till they can't tell whether this is the end of the World war or the Civil one. The dear girls are all dressing the part as if they were welcoming their heroes home from Gettysburg instead of St. Mihiel or the Argonne.

Looking like animated illustrations from Godey's Lady's Book or moving daguerreotypes of grandma as a girl, they button their tight little basques down the front, fasten flat lawn or lace collars demurely round their throats with a knot of velvet or a cameo and peer coyly out from under a perky wee sailor or a coquettish poke.

All the old fashioned Civil War time trimmings are edging our 1919 skirts, sleeves and peplums with fringe, rucking, quilling, pinking and rows of velvet ribbon. If your clothes start to fray, pray don't throw them away. For frayed and raveled edges on your taffeta frock are the smartest touches of all. Instead of being turned up as usual, hems are turned down completely as a finish for the newest skirts. Where the old fashioned trimmings don't edge them, a narrow cording or just the selvaage of the goods does the trick.

Not only Civil War Time trimmings but materials as well are all the rage and there has been a reversion to sarah and moire silks, quaintly patterned challis, flowered organdies and chiffons and of course, sprigged muslins, calicoes and prints.

The challis, charming in its pastel colorings, tiny rose buds, dots of nosegays, make especially attractive little frocks for Spring and summer that are particularly adapted to "when-grandma-was-a-girl" treatment.

The headed reticule, the floating scarf, the fringe edged sash, the bell sleeve, rucking edged, over an under-sleeve of organdie, the tiny varnished parasol of lace, the flowing veil, the short white gloves with above-the-elbow sleeves, the perky little low crowned sailors tilted to the fore with a bunch of ostrich plumes in arrears, the ubiquitous dolman and, yes, even the bouquets we hand ourselves and pin at the corsage, primly tight and set affairs encircled with a lace paper frill, these all these are as Civil-warish as these uncivil and Bolshevik days can make 'em.

After the severe putte and khaki feminine fashions of the last few years, this is rally the most attractive and softly seductively period of style the pendulum of fashion could swing back to. We will now go the limit to look feminine and clinging vine-like, although even in our sprigged muslins and streamer trimmed leghorns we do not cease to demand the vote.

A vote of thanks is indeed due to the artist who brought out the lovely printed chiffons of this season. They are not splotted all over in

huged diabolical designs, like those of last Spring, but artistically reveal at set intervals lovely training rose garlands, tied with true lover's knots. With ivory white, silver grey and black back-grounds and made up to best feature each design these chiffons are truly exquisite.

Aside from the scarves that have been revived for year with these sweet costumes of chiffon, organdie, challis and muslin, the fringed and embroidered silk crepe shawls, of which every well regulated grandmother possessed a small collection, are just the final fitting touch to a perfect toilette.

Lucky indeed the grandchild whose grandmother numbered among her collection one of those rare cowwebby three-cornered shawls of Chantilly lace. Sharper than a serpent's tooth it is to have had a shawless grandmother, for we certainly shall shawl this season.

FIRST MEMORIAL TREE TO HONOR ROOSEVELT

May the Second Has Been Set Aside
to Plant Trees in Honor of the
Former President

A NATION WIDE CAMPAIGN

(By United Press.)
Washington, April 28.—The first memorial tree planted by Country Church Community Center will be placed on May 2 in honor of Theodore Roosevelt at Sharon, Iowa, the American Forestry Association announced today. The report was made by the Rev. Edward Roberts

to Charles Lathrop Pack, president of the forestry association.

"Roosevelt Day will be May 2," wrote Rev. Roberts, "because the present country life movement began with the report of the Commission on Country Life appointed by Col. Roosevelt. This I believe is added reason for country churches participation in this memorial feature."

"The Sharon Country Church Community Center is doing a great work and setting a fine example," said Pack today. "There is always something going on and something to look forward to at this community center. They have directors of domestic science, recreation, public information, children's play and in fact nothing that tends to better living conditions is overlooked. The tree planting there is the first of similar plantings all over the country."

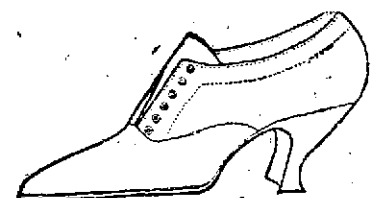

The home garden is profitable, for one reason, because it saves the cost of vegetables that otherwise would be bought. It is a healthful enterprise. It provides vegetables that are fresher, more palatable and better than many to be had in the market.

The home-garden vegetables are always available, to be had not only without expense, but without inconvenience. Therefore, they are likely to be used more freely than if a trip to market or even a telephone call were necessary.

But there is still another particular in which the home garden confers a great benefit. The boy or girl who is given a part in cultivating a home garden, who is charged with some of the responsibilities and put to solve some of the problems of cultivation, acquires in the process a spirit of self-reliance, a knack of making the means at hand serve the end desired, that will be valuable throughout the rest of that boy's or girl's life in any kind of service that may be required. Thus the home garden is a training school in personal efficiency.

Daintily Practical Leaders In Summer Style

Wear this dainty, new Oxford for its lightness, grace and glove fitting quality. You will find real pleasure in such shoes as these, made in patent kid and dull kid leathers. Also in the fashionable brown shade of kid, both military and high French heels.

The fashionable colors in kid and calf leathers are here in boot styles that every woman needs. You will find real satisfaction in their service and sensible prices.

Beware "Orphans" In Buying a Car.

"One of the most vital factors in the purchase of a motor car is the financial standing and commercial reputation of the company building the car. This consideration is equally as important as the car itself. The man who is about to buy a motor car, first of all should ask himself the question: 'Of the companies I have in mind, how many will be in existence five or ten years from now?'"

After this question has been answered, to the satisfaction of the prospective buyer, he should then take up the merits of the several cars he has in mind. It is this kind of intelligent buying that has been one of the greatest factors in the wonderful success of the Essex. The Essex Motors is one of the strongest financial organizations in the automobile business. The men back of it are some of the most successful and best known in the industry. The stockholders are actively engaged in the building of the Essex and there is no stock subject to stock market juggling.

The standing of this organization is the guarantee of the purchaser that his investment in a car will be safeguarded in every way. We all know of persons who have been unfortunate enough to buy cars only to see the makers go out of existence in a short time. The millions behind the Essex Motors, the acknowledged excellence of its product and the confidence it enjoys in the industry are the best guarantees of its stability.

SAYS WIFE ABANDONED HIM

Samuel Larrison Files Suit For Divorce From Bertha Larrison

Samuel Larrison, a blacksmith of this county, who filed suit today from his wife, Bertha Larrison, in the circuit court, alleges that she wilfully abandoned him two years ago and that all efforts of his to persuade her to return have been of no avail. Larrison says he believes she is now in Pierson, Iowa. He complains that she would not keep house or cook his meals and that she was abusive and unduly intimate with other men. They were married Dec. 7, 1914 and separated April 1, 1917, the complaint says.

FAVOR WATSON FOR NEXT PRESIDENT

Republican Circles Are Trying to
Make Him an Aspirant For
Presidential Nomination

GOODRICH IS INTERESTED

Democratic Politicians Speculating
on What Part Tax Law Will
Play in Campaign

Indianapolis, Ind., Apr. 28.—While the Victory loan campaign is overshadowing political activity in both the Republican and Democratic camps, the inside organization men are active.

In the Republican circles, the efforts of certain political friends of Senator James E. Watson to make him an aspirant for the presidential nomination make interesting gossip for the political dopesters.

Senator Watson has publicly announced that he will be a candidate for renomination in the senate race. This announcement followed conferences with the Republican party state leaders. But Watson's friends are persistent in their efforts to keep alive the possibility of having Watson a candidate for the presidential nomination. Lucius Hamilton, who has figured in the background of many political maneuvers in Indianapolis, is one of the prime movers in backing Watson for the presidential honors.

Governor Goodrich is interested in the Indiana presidential delegation, but whether the governor's name will figure in the national convention for presidential or vice-presidential honors depend upon his physical condition, his close friends say. The governor has never fully recovered from his injuries received in an automobile accident.

Democratic politicians are speculating on what part the new tax law will play in the state campaign. In Kentucky, Edwin P. Morrow, unopposed candidate for nomination for governor of the Republican ticket, is endeavoring to make the repeal of the new Kentucky tax law a plank in the Republican platform. The Kentucky law, which is more advanced than the Indiana law was enacted by a Democratic assembly. Philip Zoercher, Democratic member of the Indiana tax board has resented attempts of members of his party to make political issue similar to the one in Kentucky will arise.

MANY bed-ridden sufferers from backache and rheumatic pains owe their condition to the fact that they neglected the first warning of kidney trouble. Prompt action at the first sign of disordered kidneys will prevent much suffering. Keep the blood stream pure by keeping the kidneys healthy and the poisonous waste matter that causes pain and misery will be eliminated from the system.

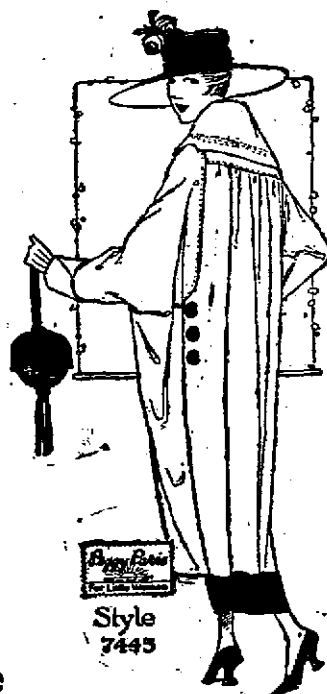

Foley Kidney Pills

have brought relief to thousands of suffering men and women who were afflicted with backache, rheumatic pains, stiff or swollen joints, sore muscles, dizziness, puffiness under eyes, floating specks, biliousness, bladder weakness, loss of appetite or other symptoms of kidney trouble.

Mrs. Sam C. Small, Clayton, N. M., writes: "In January I was taken bad with my kidneys and bladder. I had been in bed two months, but kept getting worse. Then I got so bad something had to be done. We noticed an advertisement in the Clayton News for Foley Kidney Pills and we sent for some. They have done me more good than all the medicine I have taken."

"SWAT THE FLY" IS SLOGAN

Indianapolis Schools Are Taking
Great Interest

Indianapolis, April 28.—"Swat the fly" week opened in the public schools of Indianapolis today.

Students started making a study of the life and habits of the fly with a view of learning its harmful characteristics. Speakers and educational films will be circulated among the schools. Next week the pupils will write essays on the fly and start the swatting campaign with vigor.

Small swatters will be supplied each room.

HEARING SET FOR MAY

Greensburg, Ind., April 28.—Preliminary hearing for Thomas Washington and John Hancock, negroes, of Indianapolis, held in connection with the killing of Elmer Robbins, a Big Four railroad detective, has been set here for May 14.

After Your Baby Is Born

Think Now About the Time to Come
Afterwards.

When you hold in your arms your tiny new infant, be sure that you can feel that before its arrival you did all in your power to give to it a happy pre-natal influence. Scientists say that the thoughts and feelings of the expectant mother greatly affect the health and disposition of the future infant. For over half a century thousands of women who have used the time-honored remedy, Mother's Friend, say that they entirely escaped nausea, nervousness and that peculiar distressing feeling so usual where nature is unaided. They thus preserved a wonderfully bright and happy disposition, which reflects so markedly upon the unborn child. By the regular use of Mother's Friend the muscles are made and kept soft and elastic to readily yield to nature's demand for expansion without the usual wrenching strain. The nerves are not drawn upon, and as a consequence the expectant mother is calm and serene and the nights are not disturbed with nervous twitchings, and the crisis is one of joy and happiness. Write the Bradford Regulator Company, Dept. K, Lamar Building, Atlanta, Georgia, for their Motherhood Book of value to every woman, and get a bottle of Mother's Friend from your druggist and begin a treatment that will bring real results.

STATE COUNCIL

GIVES OPINION

Thinks That Every County Council
Will be More Than Glad to Pay
Soldiers Expenses

WELCOME HOME CELEBRATION

Every County in The State is Expected to Have at Least Ten
Representatives

(By United Press.)

Indianapolis, Ind., April 28.—The Indiana State Council of Defense expressed the opinion today that every board of commissioners in the state will be prompt to request the appropriation of sufficient funds by the civil council to pay the expenses of returned soldiers, sailors and marines to the statewide Welcome Home celebration in Indianapolis. The date will be announced later to suit the convenience of the 150th Field Artillery of the Rainbow Division now enroute from France.

Every county in the state is expected to have ten representatives on the reception committee for the Welcome Home. These representatives are to be nominated by the County Councils of Defense and to include the council membership.

Appeals to pride and a sense of duty to the discharged men are being made by the committees in charge of the Welcome. Counties failing to respond promptly with adequate provisions for paying the expenses of the ex-soldier and service men will be conspicuous by their absence from the line.

Expenses of the soldiers while in Indianapolis will be paid. A contract for \$2,000 worth of public decoration indicates the estimate of importance the local committee attaches to the event. This sum will be increased by private enterprises in the decorative line.

AIRPLANES SEEN HERE

Airplanes which participated in the "flying circus" to advertise the Victory loan, in Indianapolis Saturday afternoon, were observed by people in southern Rush county while enroute from Cincinnati to Indianapolis. Reports of three machines being seen south of Rushville have been received. It is also stated that an airplane passed over Rushville early today, flying east.

Benjamin Franklin said: "He that murders a pound (five dollar) destroys all that it might have produced, even scores of pounds". Buy W. S. S.

AFTER INFLUENZA—

WINTER COLDS—
BAD BLOOD

You are pale, thin, weak—with little vitality. Your liver is sluggish and the bad blood causes your stomach muscles to lose their elasticity and become flabby and weak—then indigestion.

Doctor Pierce's Golden Medical Discovery, made from wild roots and barks, and free from alcohol or narcotics, is the great and powerful blood purifier of to-day. Ingredients printed on wrapper. This tonic, in liquid or tablet form, is just what you need to give you vim, vigor and vitality.

Take it as directed and it will search out impure and poisonous matter throughout the system and eliminate it through the natural channels.

You can procure a trial package by sending 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Stevens Point, Wis.—"Ever since I can remember, when I was a child at home, Dr. Pierce's medicine have been our family medicine. About two years ago I was very much run-down. I suffered less of appetite, my blood was bad and I had no ambition to do anything; I was miserable. I got so bad I had to take to my bed. I started taking Dr. Pierce's Golden Medical Discovery. I soon began to feel better and three bottles of this medicine was all I had to use to put me in fine condition. I had a good appetite, my strength came back, and I once more felt that life was worth living. There is no better medicine—I do heartily recommend it. I shall be glad to answer any communications in regard to this medicine if stamped envelope is enclosed."—Mrs. A. W. Huxley, Stevens Point.

DRAFT MACHINES ARE SOLD

Indianapolis, April 28.—One of the first instruments of the war machine—local headquarters of the conscription boards—was being dismantled today. Many typewriters, typewriter desks, mimeographs, an addresograph, filing cabinets, physicians scales and much other office equipment are being sold by Major Robert Baltzell, federal draft agent for Indiana, who opened bids for this material today. The draft boards were disbanded some time ago.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

TWO MILLION TONS OF MEAT ADDED TO SUPPLY

Meat Surplus Was so Great in 1918 That Imports Did not Greatly Affect It

CONSUMPTION WAS GREATER

Washington, April 28.—American dressed meat production, including lard, amounted in 1918 to 20,129,000 pounds—a quantity never before approached in magnitude by the live-stock industry of this or any other country. The corresponding figure for 1917 was 16,317,300,000 pounds.

Three-fourths of this enormous increase was in pork and one-fourth was in beef.

The meat surplus in 1918 was so great that extra export demands made little impression on it, although 1918 export shipments of meat and lard nearly doubled the 1917 figures—rising from slightly less than 1½ billion pounds to slightly more than 3 billion pounds—and these figures do not include shipments to American military forces abroad.

The aggregate 1917 consumption of dressed meat and lard in the United States was approximately 14½ billion pounds, but in 1918 it rose to 17½ billion pounds. This means, after allowing for increase in population, an addition of 23 pounds for every man, woman, and child in the country—despite the food conservation campaign which in 1917 caused consumption to decline considerably.

TOTAL OF 218 CASUALS ARE REPORTED TODAY

Commanding General of the American Expeditionary Forces Lists Five Hoosiers

90 ARE WOUNDED SLIGHTLY

Washington, April 28.—The following casualties were reported today by the commanding general of the American Expeditionary Forces for today: Killed in action, 8; died from wounds, 6; died of accident and other causes, 38; died of disease, 56; wounded severely, 9; wounded, degree undetermined, 9; wounded slightly, 90; missing in action, 2; total, 218.

Five Hoosiers were listed as follows:

Wounded slightly—Private Russell Carew, Shelbyville; Private Otto Gnetner, Fort Wayne; Private Harvey N. Boule, Valparaiso.

Died from accident and other causes—Private Leo P. Holland, Peru.

Died of disease—Private Cleo C. Henchan, Muncie.

WE SELL THE STUDEBAKER, MAXWELL AUBURN and CHANDLER

Some of our competitors, for a selling argument, have been telling prospective automobile buyers, that we are unable to furnish service on the above line of automobiles.

The people of Rush and surrounding counties know what kind of service we have always given them on all other lines that we have handled for the past twenty years, and we wish to assure the public that we will absolutely be able to furnish the same satisfactory service on automobiles that we have in the past on our other lines.

FRENCHMAN IS HOME WEARING DECORATION

C. Jeffery-Smith, formerly of Clarksburg, Starts in Business in Milroy After Discharge.

WAS IN THE AERIAL SERVICE.

Milroy, Ind., April 28.—Lieut. C. Jeffery-Smith, formerly a garage man at Clarksburg, has been discharged and will locate in Milroy where he will start in the garage business in the old electric light plant building in the east part of town.

Mr. Smith is a native of France, but is now a full-plledged citizen of the United States, having completed his naturalization. He is married and has two sons in college. His wife has been making her home in Indianapolis during his stay in France.

He was in the American air service in France and says he has three German planes that he brought down officially to his credit. He was gassed with mustard gas during one of his engagements and his face is not entirely healed from the burns. He was transferred to the tank corps from aviation and later served in the railway service over there. He was discharged at Camp Sherman, Ohio.

Mr. Smith wears a decoration he received for his bravery displayed in action on the western front, where he had part in some hard fighting. He brought back some interesting souvenirs in the way of paraphernalia and souvenirs, including a watch with two sets of works which he took from a German on the battlefield.

State of Indiana, Rush County, ss: Rush Circuit Court.

February Term, 1919.

In the Matter of the Guardianship of William A. Jones, deceased. (A person of unsound mind.)

Notice is hereby given that the undersigned, as guardian of the estate of William A. Jones, deceased, (a person of unsound mind) has presented and filed his account and vouchers in final settlement of estate and that the same will come up for the examination and action of the Rush Circuit Court on the 12th day of May, 1919, at which time the heirs, creditors or legatees of said William A. Jones, deceased, are required to appear in Court and show cause, if any there be, why said account and vouchers should not be approved. And the heirs of said estate are also hereby required, at the time and place aforesaid, to appear and make proof of their heirship.

HARRIE O. JONES, Guardian.

MANY CASES TO BE TRIED THIS WEEK

Those Being Tried This Week are More of a Miscellaneous Nature Than Last Week.

BIG CASES DISPOSED OF

Much Interest is Being Taken in the Rapid Fire Work That the Jury is Doing.

Indianapolis, Ind., April 28.—Having disposed of the majority of cases involving violation of the Reed national prohibition amendment, Judge A. B. Anderson in the federal court today turned his attention to the miscellaneous cases pending.

The cases to come before the judge during this week involve embezzlement, white slavery, desertion, from the army, failure to register and conduction of a home distillery. Much interest is manifest in these cases in view of the rapid fire order in which the jury last week took the scalps of the liquor violators.

Although he docketed have all pending cases set for the first three days of this week much longer times is expected to be consumed in their trial. The following cases are on the docket.

April 28—Andrew Eggers, Bed-

ford, harboring deserter; Ora A. Busard, Charles R. Hahn, Oather Townsley, Ralph Davenport, John R. Bussard, Frank Fink, Theodore N. Lyeritz, Ralph Miller, Lloyd Keller, Noah Dilts, Fred Shively, Braxton Thompson, Henderson Sheets and William Exmeyer, Peru, stealing from interstate shipment; John R. Murray, Hardy P. Letcher and Edward Kinney.

April 29—Charles F. McIntyre, Trafalgar, embezzlement.

April 30—Jesse Burnside, Carl Dennison, and Clayton Stump, Nappanee, injuring mail boxes, Charles F. Kilken, Cumberland, postoffice embezzlement Laxo Warnesh, Gary, illicit still; George Mulke, Ft. Wayne, failure to register; Ira C. Smuts, Bluffton, failure to register, James Ewing, Evansville; selling liquor to soldiers; John Hiber, Gary violating white slave law; Charles L. Taylor, Gary, violating white slave law.

Hilken formerly was postmaster at Cumberland. He is charged with embezzling \$380.

F. C. DEGREE

The F. C. degree will be conferred by Phoenix lodge No. 62, F. & A. Masons, Tuesday evening at 7:30 o'clock, on a class of eight candidates. Every member is urged to be present.

FREE—10 or 12 loads of crushed brick free for the hauling. Ray Keys. 36t6

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but a man now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

OVERALLS WASHED

The Facilities for Distribution of the The Standard Oil Company (Indiana)

THE service which, at all times, the Standard Oil Company (Indiana) is prepared to render its patrons, rests securely upon a solid foundation of complete distribution.

To perfect a system which shall make every product manufactured by the Company instantly available to anyone, anywhere, any time, has been the goal toward which this Company has been working since the day of its organization.

As yet this ideal has not been achieved; but the system as it stands is conceded to be the most perfect of its kind in the world.

The present equipment for distribution, including grounds, buildings, storage tanks, motor trucks, wagons, etc., represents an investment of more than \$30,000,000.

There are 27 main stations where complete stocks of all products are kept on hand. Supporting these are the bulk stations located at 2881 carefully selected points in 11 states. These stations are equipped with storage tanks having a combined capacity of 86,118,630 gallons of gasoline, 66,118,300 gallons of kerosene, and 4,300,000 gallons of lubricating oils.

It is necessary to carry this tremendous stock—total 156,524,930 gallons—at all times to insure quick, convenient service to the patrons of the Standard Oil Company (Indiana) wherever they may be, regardless of transportation difficulties or weather conditions.

To enable the Company to fulfill its obligations to patrons, and deliver to them the products they require, it is necessary to maintain a fleet of 3700 motor trucks and a caravan of 3500 horse-drawn wagons, either active or in reserve. These tank wagons are so organized that they, at regular intervals, can reach 75% of the homes in the territory at present served by this Company.

Supplementing the wagons, an equipment of 530,000 iron barrels, representing an investment of more than \$7,000,000, is kept in service to insure the safe delivery of oils and gasoline, even to those remote places where the dark-green tank wagon never has penetrated.

For the convenience of the motoring public, a chain of 1300 service stations has been organized and many others are in the course of construction. These stations are prepared at all times to supply the motorist with his requirements of gasoline and lubricating oils in any quantity and at the lowest prices.

This, in outline, is the distribution system upon which the service of the Standard Oil Company (Indiana) rests.

It is the hope of the Company that the time is not far distant when no person in the territory served will be more than five or six miles from a Standard Oil Company (Indiana) service station if he lives in the country, or more than one mile away if he lives in a town or city.

(Indiana)
910 So. Michigan Ave., Chicago

CHURCHES MAKING CENTENARY START

Fifty Have Already Gone Over The Top, According to Word Received by C. S. Black

MAKING SPLENDID SHOWING

Centenary Organization is to Assist in the Victory Loan Drive as Much as Possible

Although the intensive canvass of the Methodist Centenary Movement for the Christian reconstruction of the world does not take place until May the 18th, the churches of the Cincinnati area are making a splendid preliminary showing according to reports which have been received by the Rev. Clyde S. Black, pastor of St. Paul's M. E. church.

"Fifty churches have already gone over the top," each one with a showing of from twenty-five to fifty per cent above the quota assigned for the five year program. There is one case, so far, where the showing is practically one hundred per cent above the quota. Just one hundred years ago, John Stewart, a colored man, began the missionary work of the Methodist Episcopal church, so in the Centenary movement, which is in part a commemoration of that event, colored men have set the pace in achieving the financial goal so far as the Cincinnati Area is concerned. With but a fraction of the churches having completed their work, the Chicago District of the Lexington Conference, which is included in this Area, is already "over the top" as a district, with its quota and a considerable margin. There is every indication that when the final returns are in, the colored churches of this district will have largely exceeded their quotas.

The Centenary organization is to give every possible assistance to the Victory Loan Drive. The sixty-nine hundred Minute Men are making speeches in behalf of the loan. They are also devoting their attention to the interest of employment for returned soldiers, setting aside Sunday, May 4th, for the emphasis on this important subject.

"Probably never before," said the Rev. Mr. Black, "has so much interest been aroused by any church project as by the Centenary movement. The big city papers, and the small papers as well, have given large space, recognizing that, in the critical condition the world faces just now, if the church does not undertake an adequate program there is grave danger for the basis on which modern civilization is founded. This was emphasized by Mr. Alfred Noyes—not a Methodist—in a very striking article under the title "Civilization Imperiled" in one of the country's leading publications last week."

The Centenary provides for the raising of a fund of \$115,000,000 by the Methodist Episcopal Church, and \$35,000,000 by the Methodist Episcopal Church South; one-third of which is to be devoted to the home field; one-third to the foreign field, and one-third to war reconstruction. Even this project is eluded by world-wide observers as but a small part of the work that America will be called upon to do in the next few years. Already out of the Centenary movement has grown an inter-church program having much the same objectives by providing a very much larger program in which twenty-seven Protestant denominations are participating.

WEATHER FOR WEEK

Washington, Apr. 28—Rain seems probable about the middle of the week, if not before, with fair weather at the end of the week. Temperatures will rise to normal Monday and Tuesday and continue nearly so during the rest of the week.

For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any drugstore for 35c, or \$1.00 for extra large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

The E. W. Ross Co., Cleveland, O.

FOR THE

SMALLER SIZED FARMS

MADE & SOLD BY
ROCK ISLAND PLOW CO.

A REAL ONE-MAN OUTFIT

The Helder Model "D" 9-16 makes power farming POSSIBLE and PROFITABLE on the smaller or medium sized farm. When equipped with Rock Island No. 9 Power Lift Plow it is the handiest plowing unit you could own.

No. 9 plow is made especially for the Model "D" and is directly attached to the platform. With this combination you can turn square corners, plow closer to the fence and get into the corners—making every acre count.

Plow is operated by automatic power lift—your foot controls the plow, your hand guides the tractor.

KEROSENE OR GASOLINE
The 9-16 has specially designed manifold—burns either kerosene or gasoline.

Special friction transmission, 7 speeds forward 7 reverse, 4 wheels, 4 cylinders, heavy duty Wankesha motor. Sold with or without plow attached. Standard draw bar for pulling discs, hay tools, wagons, spreaders, binders, mowers, etc. Belt power for running smaller sized grain separators, silo fillers, corn shellers, etc. Will pump water, saw wood, run cream separator or washing machine.

PLANS BEING MADE FOR NEW EQUIPMENT

J. C. Bagley Here Last Week Confering With Officials on Fire Conditions.

HAS GREAT IMPROVEMENT.

J. C. Bagley, former deputy fire Marshal of the state of Indiana was here last week confering with authorities concerning orders for new fire hose connections for the local system. At the present time the local fire department is a thing apart from any other station in the state. In the present condition this department could not help another city in case of a large fire and the other cities could not help Rushville.

Mr. Bagley has a standardized nozzle that he thinks will make one city able to aid the other in case of fire. For instance, Connerville has a different size connection for the fire hose than Rushville and in case of a large fire their department could not aid the local station no matter in what situation they should happen to be. With the new standardized nozzle other stations could rush their motor equipped wagons here hook onto the local fire plugs and begin to help.

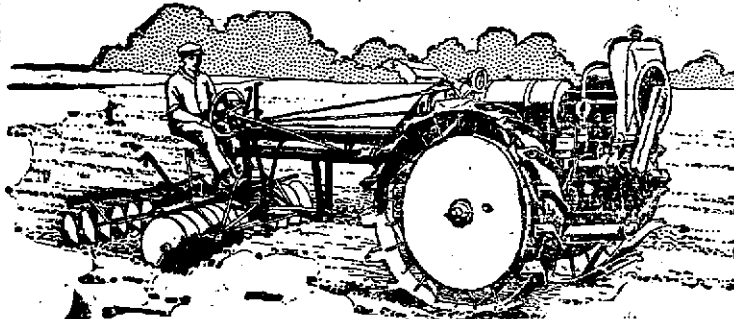

The change will cost very little and it is thought that at the next meeting of the city council they will make a provision for this new system. Although it may not be necessary to use this method of helping each other it is the same principle as life insurance and other forms of protection.

THREE WILL BE GRADUATED

New Salem Commencement Exercises Will be Held Tomorrow Night

The Rev. Clyde S. Black, pastor of the Methodist Episcopal church of this city delivered the Baccalaureate address to the graduating class of the New Salem high school last night in the school auditorium, to a large crowd, the room being packed to its capacity. The commencement exercises will be held tomorrow night and diplomas given to the three girl graduates, the Misses Myrtle Sefton, Helen Jinks and Bertha Moore. The lecture will be given by Asa Smith, formerly a lyceum lecturer, who served in the army as a private. His story of his experiences is sure to be interesting and highly educational.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

One Man Discs 27 Acres a Day with the New

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

Discing is rapidly and economically done with the new Moline-Universal Tractor, Model D, one man with an 8-foot tandem disc harrow covering 27 acres in ten hours. With a 10-foot disc harrow he covers 38 acres, and with a 20-foot peg-tooth harrow 76 acres.

The light weight of the Moline-Universal Tractor, 3380 pounds, makes it especially adapted for discing and similar work, as it does not pack the soil and uses but little fuel, running on less than half throttle most of the time. It is light, but more than enough power to pull two 14-inch plows at high speed, all its weight being traction weight.

The Moline-Universal Tractor attaches directly to the implement and forms a single, compact unit with it that is controlled by the operator from the seat of the implement, where he must sit to do good work. One man with the Moline-Universal does as good work as two men with the average tractor.

The Moline-Universal is adapted for all classes of farm work. Its high

clearance, 29 1/2 inches, makes it ideal for cultivating, and it is equally well fitted for planting and harvesting. In addition, it has ample power for belt work, pulling a 24-inch grain separator or 16-inch ensilage cutter with ease.

There is work on the farm every day in the year for the Moline-Universal Tractor. It will do every field operation that can be done with horses and do it better, faster, and cheaper. This is why the Moline-Universal really replaces horses, and, at the same time, by enabling one man to do much more work than ever before possible, solves the farm help problem.

The detailed construction of the new Moline-Universal, Model D, is the best it is possible to manufacture. Perfected 4-cylinder overhead-valve engine, electric starting and lighting system, complete enclosure of all working parts, and fifteen Hyatt roller bearings, are a few of the main features.

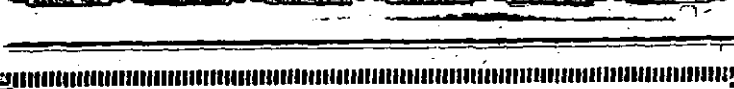

We invite you to examine this machine at your earliest opportunity.
